Motoring the Future Engelbert Wimmer, 2011-11-30 The crisis in the auto industry has resulted in a race between Volkswagen as challenger and Toyota as tattered global market leader Whether it is the German or the Japanese firm that takes pole position the winner will change the balance of power in the automotive industry and lead the way to the automobiles of the future *Sociology* Rosemary L. Hopcroft, 2016-01-08 In an era of human genome research environmental challenges new reproductive technologies and more students can benefit from an introductory sociology text that is a biologically informed This innovative text integrates mainstream sociological research in all areas of sociology with a scientifically informed model of an evolved biological human actor This text allows students to better understand their emotional social and institutional worlds It also illustrates how biological understanding naturally enhances the sociological approach This grounding of sociology in a biosocial conception of the individual actor is coupled with a comparative approach as human biology is universal and often reveals itself as variations on themes across human cultures Tables Figures Photos and the author's concise and remarkably lively style make this a truly enjoyable book to read and teach Indian Business Case Studies Volume VI S B Mathur, Sudhakar Bokephode, D D Balsaraf, 2022-06-16 It has been decades since many business schools outside India adopted the case study methodology for teaching almost all branches of management studies This trend has been seen in India too where top management institutes have implemented the case study based methodology as an important pedagogical tool in business education The major issue in India however is a severe shortage of Indian case studies through which business schools can provide industry insights to students This volume fills that gap It has twenty Indian cases

related to different aspects of business management The cases cover some of the prominent disciplines of management like marketing finance human resource management strategy management operations management accounting and mergers and acquisitions These cases best serve the purpose of adoption of case methodology in classroom teaching or online lecture sessions for the faculty and students of business management

New Worlds of Work Ulrich Jürgens,Martin

Krzywdzinski,2016-04-15 New industrial centres are emerging in the so called BRIC countries Brazil Russia India and China where large numbers of plants have been constructed in recent years creating many manufacturing jobs But what does industrial work look like in these locations Up until now much of the interest in developing country industrialization has concentrated on the poor working conditions that characterize some export oriented sectors in emerging economies most notoriously in the garment industry In contrast the concern of this book is with the modern facilities of multinational or local manufacturers that reflect aspirations for a process of industrial upgrading that might foreshadow the future for these countries The book provides an analysis of work its context and the situation of employees in plants in the BRICs focussing on three main questions What differences and common features can be ascertained in a comparison both of countries and firms in terms of workplace HR management and production systems What evidence is there for either a high road or low road developmental path in the BRICs How are corporate standards implemented in these local contexts The book addresses an academic audience as well as managers and trade unionists For the former it offers a systematic comparison of the four countries and the companies under study For the latter it offers a vivid account of challenges the companies face in the BRIC countries as well as the solutions adopted by the companies
