EV - Electric Vehicles Come Home

Dale Stubbart, In my first book on Electric Cars I covered those which were available in the US In my new book I decided to cover the world I also venture into Electric Planes and EVTOLS Electric Vertical Takeoff and Landing machines Even though EVs are very interesting you might get bored after the 100th or so To relieve your boredom I inserted stories about my visits from a couple of outer space aliens who are very interested in Electric Cars Who says you can t mix research books with sci fi and humor I start with the most popular EVs I cover many parts of the globe And I cover lesser known Electric cars Some places around the world don t have good roads or the roads are too crowded There electric motorcycles rickshaws and other vehicles are more popular than electric cars And did you know that there s an electric skateboard Electric Cars come in several models Sedans SUVs Crossovers Hatchbacks etc There are even little electric bubble cars And there s a Amphibious E Tricycle Camper Now is a good time to get into an EV there s availability You ll get good range And you ll save money on gas and maintenance Besides bans on ICE vehicles internal combustion engine petrol powered cars are coming Maybe not tomorrow but soon And supermost of all owning an EV is cool and the wave of the future And you want to get into the action now because you want to ride the crest of the wave Some people are still worried about what happens if the battery dies I cover that Good news not a problem I also cover converting your car to an EV or rather hiring someone to do that for you and EV Rentals I conclude the book with what it would take to own an EV Dealership My EV choices and statements by World Leaders on EVs I evaluate the more popular cars and provide a blank evaluation form so you can make your own evaluations This book is packed with information but I keep it light so you won t get bored Actually that s not true I kept it light so that I wouldn t get bored

Edmonston,2009-11-30 As U S and Canadian automakers and dealers face bankruptcy and or unprecedented downsizing Lemon Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car and truck books on the market Phil Edmonston Canada s automotive Dr Phil for more than 35 years pulls no punches This compendium of everything that s new in cars and trucks is packed with feedback from Canadian drivers insider tips internal service bulletins and confidential memos to help the consumer select what s safe reliable and fuel frugal Know all about profit margins rebates and safety defects And when things go wrong fight back Lemon Aid s complaint tactics sample letters Internet gripe sites and winning jurisprudence will get you attention and a refund Fuel Economy Guide ,2005 *One Careful Owner* Alex Christou,2013-05-29 One Careful Owner blends travel writing and motoring journalism to bring a unique perspective to the world of car and motoring enthusiasm The book follows the author s journey from the moment he decides to embrace his latent passion for cars through his journey across Europe in a mid 90s Ferrari and beyond Straight From The Force's Mouth David Prowse,2011-09-28 Everyone has heard of Darth Vader the infamous Star Wars villain we all love to fear created by George Lucas and brought to life by Dave Prowse MBE but people may not be so familiar with the story of the multi talented man behind the mask It required someone exceptional to turn a helmeted costume into the principal character in the highest grossing film series in cinema history that someone was Dave Prowse The towering physical presence of the 6ft 7 bodybuilder was ideally suited to personify the intimidating Darth Vader Straight from the Force s Mouth takes us behind the scenes of Star Wars and documents how this extraordinary man took on the role of the menacing central character to creating one of the most iconic villains in cinema history In this book of memoirs Dave shares his journey from disadvantaged child and poor student to champion weightlifter and international film star The Dave Prowse story is one of determination and hard work and in this honest account he explains how he overcame the many setbacks in his life to achieve success and global recognition This book is a must have for Star Wars fans of all ages and will appeal to anyone who enjoys a truly inspirational and motivating real life story **Consumers' Research Magazine** ,2001 **Library of Congress Subject Headings** Library of Congress. Cataloging Policy and Support Office,2003 **Everyday Lifestyles and Sustainability** Fabricio Chicca,Brenda Vale,Robert Vale,2018-04-09 The impact of humanity on the earth overshoots the earth s bio capacity to supply humanity s needs meaning that people are living off earth s capital rather than its income However not all countries are equal and this book explores why apparently similar patterns of daily living can lead to larger and smaller environmental impacts The contributors describe daily life in many different places in the world and then calculate the environmental impact of these ways of living from the perspective of ecological and carbon footprints This leads to comparison and discussion of what living within the limits of the planet might mean Current footprints for countries are derived from national statistics and these hide the variety of impacts made by individual people and the choices they make in their daily lives This book takes a bottom up approach by calculating the footprints of daily living The purpose is to show that

small changes in behaviour now could avoid some very challenging problems in the future Offering a global perspective on the question of sustainable living this book will be of great interest to anyone with a concern for the future as well as students and researchers in environmental studies human geography and development studies **Library of Congress**
