Welt Von Gestern Die Stefan Zweig:

The World of Yesterday Stefan Zweig, Anthea Bell, 2014-11 Austrian writer Stefan Zweig's final work posted to his publisher the day before his tragic death brings the destruction of a war-torn Europe vividly to life **The Many Faces of Germany** John A. McCarthy, Walter Grûnzweig, Thomas Koebner, 2004-04-01 With the fall of the Berlin Wall and the shifting of American foreign policy away from old Europe long established patterns of interaction between Germany and the U S have come under review Although seemingly disconnected from the cultural and intellectual world political developments were not without their influence on the humanities and their curricula during the past century In retrospect we can speak of the many different roles Germany has played in American eyes *The Many Faces of Germany* seeks to acknowledge the importance of those incarnations for the study of German culture and history on both sides of the Atlantic One of the major questions raised by the contributors is whether the transformations in the transatlantic dynamics and in the importance of Germany for the U S have had a major influence on the study of things German in the U S internally The volume gathers together leading voices of the older and younger generations of social historians literary scholars film critics and cultural historians *The World of Yesterday* Stefan Zweig, 1943 A bibliography of the original works of Stefan Zweig pages 443-445 **'Immortal Austria'?**, 2007-01-01 Immortal Austria was the title of a theatrical pageant devised by Austrian refugees in wartime London the name summarizing their collective memory of their homeland as a country of mountain scenery historical grandeur and musical refinement The reality of the country they had left and the one to which some of them returned was very different This volume contains various studies of the representations of their homeland in the cultural production of Austrian exiles including those projected by migrants working in the British film industry those portrayed in the historical novel and in the literary works of such notable authors as Stefan Zweig Elias Canetti and Robert Neumann It opens with a survey of the make-up of the Austrian exile community and concludes with a study of attitudes to returning exiles as reflected in the post-war literary journals The volume thus offers students and teachers a vital cultural link between the pre-1934 Austria of the First Republic and the post-1945 Austria of the Second *The Time Before Death* Constantin V. Ponomareff, 2013 This collection of fifteen essays deals with the literary memoirs of major twentieth-century writers and focuses on the spiritual physical and moral devastation of 20th-century life They are comparative and cross-cultural There is no other collection of essays with this range brought under one cover Freud and the Émigré Elana Shapira, Daniela Finzi, 2020-10-16 This book reconsiders standard narratives regarding Austrian migrants and exiles to Britain by addressing the seminal role of Sigmund Freud and his writings and the critical part played by his contemporaries in the construction of a method promoting humanized relations between individual and society and subjectivity and culture This anthology presents groundbreaking examples of the manners in which well-known personalities including psychoanalysts Anna Freud and Ernst Kris sociologist Marie Jahoda authors Stefan Zweig and Hilde Spiel film director Berthold Viertel architect Ernst Freud and artist Oskar Kokoschka

achieved a greater impact and contributed to the broadening of British and global cultures through constructing a psychologically effective language and activating their migr networks They advanced a visionary Viennese tradition through political and social engagements and through promoting humanistic perspectives in their scientific educational and artistic works **Austrian Information** ,2004 **Modes of Faith** Theodore Ziolkowski,2011-08-22 In the decades surrounding World War I religious belief receded in the face of radical new ideas such as Marxism modern science Nietzschean philosophy and critical theology Modes of Faith addresses both this decline of religious belief and the new modes of secular faith that took religion s place in the minds of many writers and poets Theodore Ziolkowski here examines the motives for this embrace of the secular locating new modes of faith in art escapist travel socialism politicized myth and utopian visions James Joyce he reveals turned to art as an escape while Hermann Hesse made a pilgrimage to India in search of enlightenment Other writers such as Roger Martin du Gard and Thomas Mann sought temporary solace in communism or myth And H G Wells Ziolkowski argues took refuge in utopian dreams projected in another dimension altogether Rooted in innovative and careful comparative reading of the work of writers from France England Germany Italy and Russia Modes of Faith is a critical masterpiece by a distinguished literary scholar that offers an abundance of insight to anyone interested in the human compulsion to believe in forces that transcend the individual **Arthur E. Haas - The Hidden Pioneer of Quantum Mechanics** Michael Wiescher,2021-09-23 The book highlights the personal and scientific struggles of Arthur Erich Haas 1884 1941 an Austrian Physicist from a wealthy Jewish middle class family whose remarkable accomplishments in a politically hostile but scientifically rewarding environment deserve greater recognition Haas was a fellow student of both Lise Meitner and Erwin Schrödinger and was also one of the last doctoral students of Ludwig Boltzmann Following Boltzmann s suicide Haas was forced to submit a more independent doctoral thesis in which he postulated new approaches in early quantum theory actually introducing the idea of the Bohr radius before Niels Bohr It is the lost story of a trailblazer in the fields of quantum mechanics and cosmology a herald of nuclear energy and applications of modern science This biography of Haas is based on new and previously unpublished family records and archived material from the Vienna Academy of Science and the University of Notre Dame which the author has collected over many years From his analysis of the letters documents and photos that rested for nearly a century in family attics and academic archives Michael Wiescher provides a unique and detailed insight into the life of a gifted Jewish physicist during the first half of the twentieth century It also sheds light on the scientific developments and thinking of the time It appeals not only to historians and physicists but also general readers All appreciate the record of Haas interactions with many of the key figures who helped to found modern physics **How to be a conservative** Roger Scruton,2014-09-11 What does it mean to be a conservative in an age so sceptical of conservatism How can we live in the presence of our canonized forefathers at a time when their cultural religious and political bequest is so routinely rejected With soft left liberalism as the dominant force in Western politics what can conservatives now

contribute to public debate that will not be dismissed as pure nostalgia In this highly personal and witty book renowned philosopher Roger Scruton explains how to live as a conservative in spite of the pressures to exist otherwise Drawing on his own experience as a counter cultural presence in public life Scruton argues that while humanity might survive in the absence of the conservative outlook it certainly won't flourish How to be a Conservative is not only a blueprint for modern conservatism It is a heartfelt appeal on behalf of old fashioned decencies and values which are the bedrock of our weakened but still enduring civilization

Rounding Wagner's Mountain Bryan Gilliam, 2014-11-13 Richard Strauss fifteen operas make up the largest German operatic legacy since Wagner's operas of the nineteenth century In the first book to discuss all of Strauss operas Bryan Gilliam explores the composer's response to Wagner in his discussion of Strauss's stage works and their historical contexts

Interbellum Literature Cor Hermans, 2017-07-10 In Interbellum Literature historian Cor Hermans presents a panorama of modernist writing in the ominous period 1918-1940 The book offers in full scope an engaging synthesis of the most stimulating ideas and tendencies in the novels and plays of a wide circle of writers from France Proust Gide Camus Celine Tzara Aragon Simone Weil England and Ireland Virginia Woolf Orwell Joyce Beckett the USA Scott Fitzgerald Arthur Miller O'Neill Hemingway Austria Hungary Musil Broch Kafka Zweig Roth and Germany Hesse Jungner Boll Thomas Mann Caught between world wars they nevertheless succeeded in creating some of the best literature ever They created a philosophy as well rejecting bourgeois mechanical society designing escape routes from the nihilism of the times

Encyclopedia of German Literature Matthias Konzett, 2015-05-11 Designed to provide English readers of German literature the opportunity to familiarize themselves with both the established canon and newly emerging literatures that reflect the concerns of women and ethnic minorities the Encyclopedia of German Literature includes more than 500 entries on writers individual work and topics essential to an understanding of this rich literary tradition Drawing on the expertise of an international group of experts the essays in the encyclopedia reflect developments of the latest scholarship in German literature culture and history and society In addition to the essays author entries include biographies and works lists and works entries provide information about first editions selected critical editions and English language translations All entries conclude with a list of further readings

Rethinking Anti-Americanism Max Paul Friedman, 2012-08-27 Anti Americanism is an unusual expression although stereotypes and hostility exist toward every nation we do not hear of anti Italianism or anti Brazilianism Only Americans have elevated such sentiment to the level of a world view an explanatory factor so significant as to merit a name an ism usually reserved for comprehensive ideological systems or ingrained prejudice This book challenges the scholarly consensus that blames criticism of the United States on foreigners irrational resistance to democracy and modernity Tracing 200 years of the concept of anti Americanism this book argues that it has constricted political discourse about social reform and US foreign policy from the War of 1812 and the Mexican War to the Cold War from Guatemala and Vietnam to Iraq Research in nine countries in five languages with attention to diplomacy culture

migration and the circulation of ideas shows that the myth of anti Americanism has often damaged the national interest

Dreaming of Michelangelo Asher Biemann, 2012-11-14 Dreaming of Michelangelo is the first book length study to explore the intellectual and cultural affinities between modern Judaism and the life and work of Michelangelo Buonarroti It argues that Jewish intellectuals found themselves in the image of Michelangelo as an unrequited lover whose work expressed loneliness and a longing for humanity s response The modern Jewish imagination thus became consciously idolatrous Writers brought to life literally Michelangelo s sculptures seeing in them their own worldly and emotional struggles The Moses statue in particular became an archetype of Jewish liberation politics as well as a central focus of Jewish aesthetics And such affinities extended beyond sculpture Jewish visitors to the Sistine Chapel reinterpreted the ceiling as a manifesto of prophetic socialism devoid of its Christian elements According to Biemann the phenomenon of Jewish self recognition in Michelangelo s work offered an alternative to the failed promises of the German enlightenment Through this unexpected discovery he

rethinks German Jewish history and its connections to Italy the Mediterranean and the art of the Renaissance **Pandemic Re-Awakenings** Guy Beiner, 2021-11-16 Pandemic Re Awakenings offers a multi level and multi faceted exploration of a century of remembering forgetting and rediscovering the influenza pandemic of 1918 1919 arguably the greatest catastrophe in human history Twenty three researchers present original perspectives by critically investigating the hitherto unexplored vicissitudes of memory in the interrelated spheres of personal communal medical and cultural histories in different national and transnational settings across the globe The volume reveals how even though the Great Flu was overshadowed by the commemorative culture of the Great War recollections of the pandemic persisted over time to re emerge towards the centenary of the Spanish Flu and burst into public consciousness following the outbreak of the COVID 19 pandemic The chapters chart historiographical neglect while acknowledging the often unnoticed dialogues between scientific and historical discourses probe silences and trace vestiges of social and cultural memories that long remained outside of what was considered collective memory

The Cultural Identities of European Cities Katia Pizzi, 2010 Cities are both real and imaginary places whose identity is dependent on their distinctive heritage a network of historically transmitted cultural resources The essays in this volume which originate from a lecture series at the Institute of Germanic location between Eastern and Western ideologies religions and cultures and the fluidity and palimpsest quality of city identity Not only does the book provide different thematic angles and a variety of approaches to the investigation of city identity it also emphasizes the importance of diverse cultural components The essays presented here discuss cultural forms as various as music architecture literature journalism philosophy television film myths urban planning and the naming of streets **Salzburg and the Jews** Stan Nadel, 2009-04-01 When I moved to Salzburg in 2002 I followed in the footsteps of thousands of others and fell in love with this quaint old city and its beautiful surroundings I am a historian by trade and I was enchanted with walking the city s streets and identifying where various historical events had taken place I am also Jewish so I read all I could about

the history of Jews in Salzburg and began to fit what I learned into the geography of the streets and buildings that I so much enjoyed As I learned more about the city and its history I found it unsettling to see the shadows of a very ugly past in the city I have come to love I liked my first apartment but I was not happy that one of Adolf Eichmann's associates lived in an apartment downstairs after it had been taken away from an elderly Jewish man There are many such shadows in Salzburg but it remains a beautiful city with many attractions I certainly do not want to discourage anyone from coming to Salzburg to enjoy as I do its beauty culture food and wonderful beers To the contrary I would like to encourage others to come and share my pleasure But I also want to share what I have learned with visitors to Salzburg who might like to know about some aspects of its history that are often neglected by the standard tourist guidebooks From the Preface

Composers of the Nazi Era Michael H. Kater, 2000 How does creativity thrive in the face of fascism How can a highly artistic individual function professionally in so threatening a climate The final book in a critically acclaimed trilogy that includes *Different Drummers* OUP 1992 and *The Twisted Muse* OUP 1997 this is a detailed study of the often interrelated careers of eight outstanding German composers who lived and worked amid the dictatorship of the Third Reich Werner Egk Paul Hindemith Kurt Weill Karl Amadeus Hartmann Carl Orff Hans Pfitzner Arnold Schoenberg and Richard Strauss Noted historian Michael H. Kater weighs issues of accommodation and resistance to ask whether these artists corrupted themselves in the service of a criminal regime and if so whether this is evident in their music He also considers the degrees to which the Nazis poetically socially economically and aesthetically succeeded in their treatment of these individuals whose lives and compositions represent diverse responses to totalitarianism

Hinter den Bergen eine andere Welt, 2016-08-09 Für die meisten Niederländer und Flamen ist Österreich in erster Linie ein beliebtes Urlaubsland dessen Bild von den Bergen Tirols den Wiener Lipizzanern und den vielen vielen Heurigen geprägt ist Dass sich hinter den Bergen eine andere Welt findet eine herausragende und in so manchem eigenständige Literatur ist den wenigsten bewusst Während sich die österreichische Herkunft Thomas Bernhards und Peter Handkes schon herumgesprochen haben dürfte verbinden abgesehen von einem Kreise der Eingeweihten nur die wenigsten Niederländer und Flamen Franz Werfel Stefan Zweig Theodor Kramer Christoph Ransmayr und viele andere mit der 1918 aus der Donaumonarchie hervorgegangenen 1945 ein zweites Mal gegründeten Republik Dass die Frage nach dem spezifischen Charakter der deutschsprachigen Literatur aus Österreich im Land ihres Entstehens sehr wohl ein Thema war und ist ist nur eines der vielen Leit motive im vorliegenden Band über die österreichische Literatur des 20. Jahrhunderts
