State of West Virginia Uniform Traffic Crash Report

This page is an overview of the crash itself, beginning with the location, date and time, number of vehicles involved, and number of injuries. Take note of the time the investigating police officer arrived, which may be many minutes or even hours later.

The report documents the type of crash and the environmental conditions that may have contributed to it. Those conditions, such as bad weather or a wet roadway surface, could contribute to liability if a driver was going too fast for the conditions or otherwise operating recklessly.

The investigating officer documents the first harmful event – that is, the first moment in the crash that caused injury or property damage. This may or may not be the first event of the entire crash.

Alpert,2021-02-01 Provides a critical understanding and evaluation of police tactics and the use of force Police violence has historically played an important role in shaping public attitudes toward the government Community trust and confidence in policing have been undermined by the perception that officers are using force unnecessarily too frequently or in problematic ways The use of force or harm suffered by a community as a result of such force can also serve as a flashpoint a spark that ignites long simmering community hostility In Evaluating Police Uses of Force legal scholar Seth W Stoughton former deputy chief of police Jeffrey J Noble and
