sometimes pugnacious defence of the West in the early post war and the dissenting advocacy of nuclear disarmament and d  
tente that started in earnest in the mid 1950s While some of the assembled writings echo harsh prior criticism of Soviet  
expansionism and dictatorship others register growing qualms about the recklessness of American foreign policy and the  
baneful effects on civil liberties of anti communist hysteria inside the United States Whether continuing to push for western  
rearmament or highlighting in a more placatory vein the folly of the Cold War s divisions and rival fanaticisms Russell s  
paramount objective was avoiding a war that threatened global catastrophe Suspended between fear and hope he expounded  
his evolving political concerns and much else besides including autobiographical reflections and typically common sense  
guidance for living well in a constant flow of newspaper and magazine articles letters to editors radio broadcasts and  
discussions and of special note a Nobel Prize acceptance speech Russell also completed two lecture tours of the United

became standardized in the British Isles and were administered on an industrial scale By the end of the century more than  
two million people had written mass exams particularly in science technology and mathematics Some candidates responded  
to this standardization by cramming or cheating others embraced the hope that such tests rewarded not only knowledge but

also merit Written with humour Making a Grade looks at how standardized testing practices quietly appeared and then spread worldwide This book situates mass exams marks and credentials in an emerging paper based meritocracy arguing that such exams often first appeared as cameras to neutrally record achievement and then became engines to change education as people tailored their behaviour to fit these tests Taking the perspectives of both examiners and examinees Making a Grade claims that our own culture s desire for accountability through objective testing has a long history **Our family.
