What About Paul English Edition:

The Sex Lives of Saints Virginia Burrus, 2010-08-03 Has a repressive morality been the primary contribution of Christianity to the history of sexuality The ascetic concerns that pervade ancient Christian texts would seem to support such a common assumption Focusing on hagiographical literature Virginia Burrus pursues a fresh path of interpretation arguing that the early accounts of the lives of saints are not antierotic but rather convey a sublimely transgressive countereroticism that resists the marital procreative ethic of sexuality found in other strands of Christian tradition Without reducing the erotics of ancient hagiography to a single formula *The Sex Lives of Saints* frames the broad historical theological and theoretical issues at stake in such a revisionist interpretation of ascetic eroticism with particular reference to the work of Michel Foucault and Georges Bataille David Halperin and Geoffrey Harpham Leo Bersani and Jean Baudrillard Burrus subsequently proceeds through close performative readings of the earliest Lives of Saints mostly dating to the late fourth and early fifth centuries Jerome's Lives of Paul Malchus Hilarion and Paula Gregory of Nyssa's Life of Macrina Augustine's portrait of Monica Sulpicius Severus's Life of Martin and the slightly later Lives of so called harlot saints Queer's m and postcolonial theories are among the contemporary discourses that prove intriguingly resonant with an ancient art of saintly loving that remains in Burrus's reading promisingly mobile diverse and open ended *The Musical Times*, 1908 English Literature By William J Long - Its History and Its Significance for the Life of the English-Speaking World EduGorilla Prep Experts, 2022-09-01 American author minister naturalist William Joseph Long is the author of this timeless work of English literature William J Long is best known for his collection of English literature Its History and Its Significance for the Life of the English Speaking World is a comprehensive book that explores the development of English literature historically from the Anglo Saxon era to the Victorian era Providing a thorough examination of authors and their works in addition to quoting passages from significant treatises written over a period of over eight decades this book is an unrivaled reference for students and researchers in the field of literature This book is an unrivaled point of reference for students and researchers in the field of literature because the author puts tremendous effort into presenting details about authors and their works in addition to quoting passages from important treatises written over a period of over eight centuries **English Literature** William Joseph Long, 1909 **Notes on Books**, 1875 A Short History of Christian Theophagy Preserved Smith, 1922

Philosophical Reflections on Mothering in Trauma Melissa Burchard, 2018-07-20 Philosophical Reflections on Mothering in Trauma examines the lived experience of mothering children who have been seriously harmed by others Using an interdisciplinary approach that employs a feminist phenomenology and an emphasis on narrative theory this ground breaking work gives voice to experiences of trauma and of mothering not ordinarily heard in philosophical discourses With a philosophical lens Melissa Burchard examines the challenges faced by families during the adoption and parenting of abused children In doing so

Burchard argues that the investigation of traumatic experience poses questions that philosophers must address if we are to improve collective understanding of the human condition. These questions centre around the epistemological implications of traumatic experience, the role of power and privilege in abusive relationships and the interconnected issues of morality and moral agency in trauma, problematic desires engendered in traumatic circumstances and therapeutic responses to trauma. The book expresses ways in which mothering wounded children can, if we are deeply engaged and reflective, shift our understandings of what it means to be parents, to be children, to love, to know, to construct a self, to feel desire, to nurture, to coerce and to live in the ambiguity of not knowing which decisions are right and which are wrong. **Man and His**

Salvation Samuel George Frederick Brandon, 1973 **The Oxford Guide to Literature in English Translation** Peter France, 2000 This guide highlights the place of translation in our culture, encouraging awareness of the process of translating and the choices involved, making the translator more visible. Concentrating on major writers and works, it covers translations out of many languages from Greek to Hungarian, Korean to Turkish. For some works, e.g. Virgil's Aeneid, which have been much translated, the discussion is historical and critical, showing how translation has evolved over the centuries and bringing out the differences between versions. Elsewhere, with less familiar literatures, the Guide examines the extent to which translation has done justice to the range of work available. **Norton's Literary Gazette and Publishers' Circular**, 1854

It lists works from all genres and subjects and includes translations wherever they have appeared across the globe. In this annotated bibliography, Robin Healey covers over 5,200 distinct editions of pre-1900 Italian writings. Most entries are accompanied by useful notes providing information on authors, works, translators and how the translations were received. Among the works by over 1,500 authors represented in this volume are hundreds of editions by Italy's most translated authors, Dante Alighieri.

Machiavelli and Boccaccio and other hundreds which represent the author's only English translation. A significant number of entries describe works originally published in Latin. Together with Healey's *Twentieth Century Italian Literature in English Translation*, this volume makes comprehensive information on translations accessible for schools, libraries, and those interested in comparative literature.

Mary's Bodily Assumption Matthew Levering, 2014-11-24. In *Mary's Bodily Assumption*, Matthew Levering presents a contemporary explanation and defense of the Catholic doctrine of Mary's bodily Assumption. He asks: How does the Church justify a doctrine that does not have explicit biblical or first-century historical evidence to support it? With the goal of exploring this question more deeply, he divides his discussion into two sections: one historical and the other systematic. Levering's historical section aims to retrieve the rich Mariological doctrine of the mid-twentieth century. He introduces the development of Mariology in Catholic Magisterial documents, focusing on Pope Pius XII's encyclical *Munificentissimus Deus* of 1950, in which the bodily Assumption of Mary was dogmatically defined, and two later Magisterial documents: Vatican II's *Lumen Gentium* and Pope John Paul II's *Redemptoris Mater*. Levering addresses the work of the neo-scholastic theologians Joseph Duhr, Alois Janssens, and Reginald Garrigou Lagrange before turning to the great theologians of the *nouvelle théologie*: Karl Rahner, Hans Urs von Balthasar, Louis Bouyer, Joseph Ratzinger, and their emphasis on biblical typology. Using John Henry Newman as a guide, Levering organizes his systematic section by the three pillars of the doctrine on which Mary's Assumption rests: biblical typology, the Church as authoritative interpreter of divine revelation under the guidance of the Holy Spirit, and the fittingness of Mary's Assumption in relation to the other mysteries of faith. Levering's ecumenical contribution is a significant engagement with Protestant biblical scholars and theologians; it is also a reclamation of Mariology as a central topic in Catholic theology.

Mountain Mandalas Allan G. Grapard, 2016-02-25. In *Mountain Mandalas*, Allan G. Grapard provides a thought-provoking history of one aspect of the Japanese Shugendo tradition in Kyushu by focusing on three cultic systems: Mount Hiko, Usa Hachiman, and the Kunisaki Peninsula. Grapard draws from a rich range of theorists from the disciplines of geography, history, anthropology, sociology, and humanistic geography and situates the historical terrain of his research within a much larger context. This book includes detailed analyses of the geography of sacred sites, translations from many original texts, and discussions on rituals and social practices. Grapard studies Mount Hiko and the Kunisaki Peninsula, which was very influential in Japanese cultural and religious history throughout the ages. We are introduced to important information on archaic social structures and their religious traditions, the development of the cult to the deity Hachiman, a history of the interactions between Buddhism and local cults in Japan, a history of the Shugendo tradition of mountain religious ascetics, and much more. *Mountain Mandalas* sheds light on important aspects of Japan's religion and culture and will be of interest to all scholars of Shinto and Japanese religion. Extensive translations of source material can be found on the book's webpage.
