### MCAT Topical Tests

Dear Future Doctor,

The following Topical Test and explanations should be used to practice and to assess your mastery of specific topical information in test format. This is an opportunity to practice the STOP, THINK, PREDICT methodology learned in the Kaplan classroom. There are Discrete questions and Passage-based questions that test your ability to apply your foundation knowledge to MCAT-style questions, using critical thinking. Simply completing the tests is inadequate; a solid understanding of your performance through your Score Reports and the explanations is necessary to diagnose your specific weaknesses and address them before Test Day.
