Dwell, 2002-06 At Dwell we re staging a minor revolution We think that it s possible to live in a house or apartment by a bold modern architect to own furniture and products that are exceptionally well designed and still be a regular human being We think that good design is an integral part of real life And that real life has been conspicuous by its absence in most design and architecture magazines

Vancouver Light, 2014 Setting out to photograph Vancouver is a daunting challenge for any photographer even one as accomplished as David Nunuk Its world renowned viewsapes have been recorded so many times by so many great artists in film and paint that some avoid the challenge by seeking out side streets and producing works in a minor key But Nunuk faces the Vancouver challenge head on In Vancouver Light his bold plan was to revisit all the classic Vancouver views the ever changing downtown core the eternally graceful Lions Gate Bridge the scintillating waters of English Bay the snow clad barrier of the North Shore mountains and capture their magnificence more completely than anyone has ever done before As this breathtaking collection shows he has brilliantly succeeded and reaffirms his city s reputation as one of the most stunningly beautiful urban centres on earth As readers turn pages showing the cityscape mirrored in the still water of Coal Harbour a dusting of cherry blossoms bestowing their grace on a line of parked cars and a North Shore panorama glowing as if fashioned from molten gold they can only gaze in wonder and ask How on earth did he get that It helps that Vancouver is Nunuk s hometown and he has the privilege of studying its changing face through every season and mood patiently stalking the moment when light and colour juxtapose perfectly The book is a treasury of visual epiphanies that every Vancouverite will want to keep as a reminder of why they live there and everyone else will want to compensate for the fact they don t Printed in an oversize 11 14 format on deluxe coated stock Vancouver Light contains over 100 full colour gallery quality images spanning the Greater Vancouver region from Howe Sound to the Fraser River Truly it may be said Vancouver s contrasts and beauty have inspired many photo collections but none like Nunuk s

makes an urgent eloquent case for the city's importance and splendor offering inspiring proof that the city is humanity's greatest creation and our best hope for the future Design Capital Sherry McKay, AnnaLisa Meyboom, 2022-07-29 Well designed infrastructure brings social value that far exceeds its initial construction expenditure but competition for scarce government funds and a general public perception of infrastructure as mere efficiency has often left design ill considered This book provides designers with the tools needed to argue for the value of design the design capital as the authors term it In naming and defining design capital design can once again become part of the discussion and realization of every infrastructure project Design Capital offers strategies and tools for justifying public spending on design considerations in infrastructure projects Design has the ability to make infrastructure resonate with cultural or social value as seen in the case studies which bestows infrastructure with the potential to accrue design capital Support for this proposition is drawn from various methodologies of economic valuation and Bourdieu's theory of cultural capital explanation of design methodology and education and a series of historical and contemporary case studies The book also addresses some of the more controversial outcomes associated with contemporary infrastructure gentrification globalization and consumer tourism With this book designers can make a stronger case for the value of design in public infrastructure **Vancouver: Secrets of the City** Shawn Blore, 2000 Vancouver is one of the world's top tourist destinations acclaimed for its natural beauty and cosmopolitan demeanor This second edition of Vancouver Secrets of the City is full of fun and offbeat factoids anecdotes and statistics about Vancouver as well as great places to shop dine and sightsee *Electrical Review*, 1919 *The Emancipatory City?* Loretta Lees, 2004-08-31 The Emancipatory City is a wonderful addition to a growing literature on the public culture of the city In these spaces tolerance and intolerance difference and indifference transgressions resistances and playful spontaneity erupt to give texture to urban life The book broadens our gaze and deepens our understanding of how cities enable people to express themselves and be free Robert A Beauregard New School University New York Who are cities for What kinds of societies might they most democratically embody And how can cities be emancipatory sites The ambivalent status of urban space in terms of emancipation democratisation justice and citizenship is central to recent work in urban geography new cultural geography critical geography and postmodern planning as well as literature on urban social justice public space and the politics of identity Seeking alternative and progressive visions of the emancipatory city through an exploration of the tensions and possibilities between the freedoms and constraints offered by the city the authors of The Emancipatory City build on this wealth of current perspectives to present an critical analysis of urban experience **Pacific Builder & Engineer**, 1929 *New York Review of the Telegraph and Telephone and Electrical Journal*, 1909 **Solved** David Miller, 2024-03-01 If our planet is going to survive the climate crisis we need to act rapidly Taking cues from progressive cities around the world including Los Angeles New York Toronto Oslo Shenzhen and Sydney this book is a summons to every city to make small but significant changes that can drastically reduce our carbon footprint We cannot wait for national

governments to agree on how to reduce greenhouse gas emissions and manage the average temperature rise to within 1.5 degrees. In *Solved* David Miller argues that cities are taking action on climate change because they can and because they must. The updated paperback edition of *Solved: How the World's Great Cities Are Fixing the Climate Crisis* demonstrates that the initiatives cities have taken to control the climate crisis can make a real difference in reducing global emissions if implemented worldwide. By chronicling the stories of how cities have taken action to meet and exceed emissions targets laid out in the Paris Agreement, Miller empowers readers to fix the climate crisis. As much a how-to guide for policymakers as a work for concerned citizens, *Solved* aims to inspire hope through its clear and factual analysis of what can be done now today to mitigate our harmful emissions and pave the way to a 1.5 degree world. **Food City** CJ Lim, 2014-04-16. In *Food City*, a companion piece to *Smartcities* and *Eco Warriors*, innovative architect and urban designer CJ Lim explores the issue of urban transformation and how the creation, storage, and distribution of food has been and can again become a construct for the practice of everyday life. *Food City* investigates the reinstatement of food at the core of national and local governance, how it can be a driver to restructure employment, education, transport, tax, health, culture, communities, and the justice system, re-evaluating how the city functions as a spatial and political entity. Global in scope, *Food City* first addresses the frameworks of over 25 international cities through the medium of food and how the city is governed. It then provides a case study through drawings, models, and text, exploring how a secondary infrastructure could function as a living environmental and food system operating as a sustainable stratum over the city of London. This case study raises serious questions about the priorities of our governing bodies, using architectural relationships to reframe the spaces of food consumption and production, analyzed through historical precedent, function, and form. This study of the integration of food architecture and the development of future cities will both inspire and stimulate professionals and students in the fields of urban design and architecture.
