A Place for Us Julia L. Foulkes, 2016-10-24 The making of the classic musical A fascinating read focusing equally on the show and the world into which it was born. Choice From its 1957 Broadway debut to multiple revivals from the Oscar winning film to countless amateur productions West Side Story is nothing less than an American touchstone an updating of Shakespeare vividly realized in a rapidly changing postwar New York. A lifelong fan of the show Julia Foulkes became interested in its history when she made an unexpected discovery scenes for the iconic film version were shot on the demolition site destined to become part of the Lincoln Center redevelopment area a crowning jewel of postwar urban renewal. Foulkes interweaves the story of the creation of the musical and film with the remaking of the Upper West Side and the larger tale of New York's postwar aspirations. Making unprecedented use of director and choreographer Jerome Robbins's revelatory papers she shows the crucial role played by the political commitments of Robbins and his collaborators Leonard Bernstein and Arthur Laurents. Their determination to evoke life in New York as it was actually lived helped give West Side Story its unshakable sense of place even as it put forward a vision of a new vigorous determinedly multicultural American city. Beautifully written and full of surprises for even the most dedicated West Side Story fan. A Place for Us is a revelatory new exploration of an American classic.

Directed by Ricard Reguant and produced in Barcelona by Focus the production also toured. After another international tour played in three Spanish cities in summer 2009 the Madrid company SOM Produce mounted a rendition in 2018 directed and choreographed by Federico Barrios the first Spanish stage version based on the original 1957 staging. This Element compares the adaptations of the 1996 and 2018 versions in detail illuminating issues encountered when translating a musical for another culture.
