

A detailed oil painting of a Western landscape. The scene features rolling hills and a wide, dusty path leading into the distance. The sky is filled with soft, golden clouds, suggesting a sunrise or sunset. The overall color palette is dominated by warm tones of yellow, orange, and brown, with some darker, more saturated colors in the shadows and the distant hills. The texture of the paint is visible, giving it a classic, aged appearance.

Western Films of Robert Mitchum Gene Freese, 2019-11-19 Robert Mitchum was and still is one of Hollywood's defining stars of Western film. For more than 30 years, the actor played the weary and cynical cowboy, and his rough and tough presence on screen was no different than his one-off screen. With a personality fit for western noir, Robert Mitchum dominated the genre during the mid-20th century and returned as the anti-hero again during the 1990s before his death. This book lays down the life of Mitchum and the films that established him as one of Hollywood's strongest and smartest horsemen. Going through early classics like *Pursued* (1947) and *Blood on the Moon* (1948) to more recent cult favorites like *Tombstone* (1993) and *Dead Man* (1995), Freese shows how Mitchum's nuanced portrayals of the iconic anti-hero of the West earned him his spot in the Cowboy Hall of Fame. **The Cowboy in Country Music** Don Cusic, 2011-07-29 This series of biographical profiles shines a spotlight on that special place where the West meets the Guitar. From Gene Autry and Roy Rogers to contemporary artists like Michael Murphy, Red Steagall, Don Edwards, and Riders in the Sky, many entertainers have performed music of the West, a genre separate from mainstream country music and yet an important part of the country music heritage. Once called Country and Western, it is now described as Country or Western. Though much has been written about Country, very little has been written about Western until now. Featured are a number of photos of the top stars in Western music, past and present. Also included is an extensive bibliography of works related to the Western music field.
