women came to be anonymized as gins and lubras The book identifies and traces the various tropes used to typecast Aboriginal women contributing to their lasting hold on the colonial imagination even after conflicting records emerged The colonial archive itself consisting largely of accounts by white men is critiqued in the book Construction of Aboriginal women s gender and sexuality was a form of colonial control and Skin Deep shows how the industrialization of print was critical to this control emerging as it did alongside colonial expansion For nearly all settlers typecasting Aboriginal women through name calling and repetition of tropes sufficed to evoke an understanding that was surface based and half knowing only skin deep Impressively researched written organized and presented highly recommended for community and academic library Aboriginal Studies Women s Studies Australian Studies and Colonial History reference collections Midwest Book Review MBR Bookwatch October 2016 Helen s Bookshelf Subject Cultural History Aboriginal Studies Women s Studies Australian Studies Colonial Studies Thinking about Movies Peter Lehman,William Luhr,2018-10-01 A complete introduction to analyzing and enjoying a wide variety of movies for film students and movie lovers alike Thinking About Movies Watching Questioning Enjoying Fourth Edition is a thorough overview of movie analysis designed to enlighten both students and enthusiasts and heighten their enjoyment of films Readers will delve into the process of thinking about movies critically and analytically and find how doing so can greatly enhance the pleasure of watching movies Divided roughly into two parts the book addresses film studies within the context of the dynamics of cinema before moving on to a broader analysis of the relationship of films to the larger social cultural and industrial issues informing them This updated fourth edition includes an entirely new section devoted to a complete analysis of the film adaptation of The Girl with the Dragon Tattoo along with many in depth discussions of important films such as Citizen Kane and Silence of the Lambs The chapter on television integrates a major expansion distinguishing between television in the digital era of the convergence of the entertainment and technology industries in comparison to the era of broadcast analogue television The final chapter places film within the current context of digital culture globalization and the powerful rise of China in film production and exhibition The authors clearly present various methodologies for analyzing movies and illustrate them with detailed examples and images from a wide range of films from cult classics to big budget award winning movies This helps viewers see new things in movies and also better understand and explain why they like some better than others Thinking About Movies Watching Questioning Enjoying Fourth Edition is ideal for film students immersed in the study of this important contemporary medium and art form as well as students and readers who have never taken a class on cinema before *Empire Islands* Rebecca Weaver-Hightower,2007 Through a detailed unpacking of the castaway genre s appeal in English literature Empire Islands forwards our understanding of the sociopsychology of British Empire Rebecca Weaver Hightower argues convincingly that by helping generations of readers to make sense of and perhaps feel better about imperial aggression the castaway story in effect enabled the expansion and maintenance of European empire Empire Islands asks why so many colonial authors chose islands

Body Technologies in the Greco-Roman World Maria Gerolemou, Giulia Maria Chesi, 2023-11-16 A collection of papers that introduces the notion of the technosoma techno body into discussions on the representations of the body in classical antiquity By applying the category of the technosoma to the natural body this volume explicitly narrows down the discussion of the technical and the natural to the physiological body In doing so the present collection focuses on body technologies in the specific form of beautification and body enhancement techniques as well as medical and surgical treatments The volume elucidates two main points Firstly ancient techno bodies

show that the categories of gender and sexuality are at the core of the intersection of the natural and the technical and intersect with notions of race age speciesism class and education and disability Secondly the collection argues that new body technologies have in fact a very ancient history that can help to address the challenges of contemporary technological innovation To this end the volume showcases the intersection of natural bodies with technology gender sexuality and reproduction On the one hand techno bodies tend to align with normative ideas about gender and sexuality On the other hand body modification and or enhancement techniques work hand in hand with economic and political power and knowledge thus they often produce techno bodies that are shaped according to individual needs i e according to a certain lifestyle Consequently techno bodies threaten to alter traditional ideas of masculinity femininity male and female sexuality and beauty

Rereading the Stone Anthony C.
