The Balkans and the Byzantine World before and after the Captures of Constantinople, 1204 and 1453 Vlada Stankovic, 2016-06-15 This book represents the first attempt to analyze historical and cultural developments in late medieval and early modern southeastern Europe as a set of mutually intertwined regional histories burdened by the strong dichotomy between the almighty center Constantinople and the periphery that is rarely visible in both contemporary sources and modern scholarship This mosaic of original studies is devoted to various regions of the Byzantine Balkans and their historical artistic and ideological idiosyncrasies mirroring the complex character and composite and fragmented structure of this vast region The focal points of the book are the two captures of Constantinople in 1204 and 1453 and the contributors analyze the significance of these catastrophic events on the political destiny of medieval Balkan societies the mechanisms of adapting to the new political order and the ever present interconnectedness of a lower regional elite across southeastern Europe that had remained strong even after the Ottoman conquest *Imagery of the Igor' Tale* Justinia Besharov, 1956 East European Accessions List Library of Congress. Hesychasm and Art Anita Strezova, 2014-09-01 Although many of the iconographic traditions in Byzantine art formed in the early centuries of Christianity they were not petrified within a time warp Subtle changes and refinements in Byzantine theology did find reflection in changes to the iconographic and stylistic conventions of Byzantine art This is a brilliant and innovative book in which Dr Anita Strezova argues that a religious movement called Hesychasm especially as espoused by the great Athonite monk St Gregory Palamas had a profound impact on the iconography and style of Byzantine art including that of the Slav diaspora of the late Byzantine period While many have been attracted to speculate on such a connection none until now has embarked on proving such a nexus The main stumbling blocks have included the need for a comprehensive knowledge of Byzantine theology a training in art history especially iconological semiotic and formalist methodologies extensive fieldwork in Macedonia Bulgaria Serbia Greece Turkey and Russia and a working knowledge of Greek Old Church Slavonic Macedonian Russian Serbian Latin as well as several modern European languages French German Russian and Italian These are some of the skills which Dr Strezova has brought to her topic Professor Sasha Grishin AM FAHA Adjunct Professor of Art History School of Literature Languages and Linguistics The Australian National University *Light from*

German Expressionist Painting Peter Selz,2023-04-28 Published in 1957 German Expressionist Painting was the first comprehensive study of one of the most pivotal movements in the art of this century When it was written however German Expressionism seemed like an eccentric manifestation far removed from what was then considered the mainstream of modern art But as historians well know each generation alters the concept of mainstream to encompass those aspects of the past which seem most relevant to the present The impact of German Expressionism on the art and thought of later generations could never have been anticipated at the time of the original writing of this book During the subsequent years an enormous body of scholarly research and an even larger number of popular books on German expressionist art has been printed Numerous monographs and detailed studies on most of the artists exist now and countless exhibitions with accompanying catalogues have taken place Much of this new research could have been incorporated in a revised edition and the bibliography certainly could have been greatly expanded to include the

important writings which have been published in Germany the United States and elsewhere since this book was originally issued The author however was faced with the choice of reprinting the original text with only the most necessary alterations such as updating the captions to indicate present locations of the paintings or the preparation of a revised text and bibliography Desirable as a revision appeared present printing costs would have priced the paperback out of reach for students It is for this reason that I decided to reissue the original text which stands on its own as a primary investigation of German Expressionist Painting exactphilosophy.net 2019 Alain Stalder,2019-05-21 This book presents the website exactphilosophy net in 2019 Written by a Swiss physicist it contains lots of beautiful novel ideas inspired by nature and physics ancient and modern philosophy as well as by astrology the I Ching and more For the first time this book compiles all web pages and articles in a single printed volume A real treasure trove for anyone with a mind free enough to think outside the tesseract about philosophy science history art and a lot more Most contributions are related to a new approach to elements tentatively defined from first principles related to space and time in immediate perception inspired by Kant but often going way beyond ancient Greek elements or the trigrams of the Chinese I Ching considering also how astrology or telepathy could work in ways that would be astonishingly simple everyday physics even though they would still be illusions in a way And there is more **Between East and West** Piotr Pranke,2023-08-14 The memory of the living and the dead was part of the functioning of monastic and secular communities dynasties and aristocratic families The relationship of debitores and fundatores is key to understanding the mentality of the era of the formation of Imperium Christianum The donations made pro remedio animae nostre et genitoris nostris indicate the memorial function of transferring the prayer duties of the power elites or whole groups and communities to the clergy and illustrate the belief of medieval people in the importance of intercessory prayer This volume is a memoir of the Piasts and Boleslaw the Brave on the 1000th anniversary of his coronation It symbolically closes the study of the millennium of the baptism of Poland 966 1966 and opens the study of the early Middle Ages in Poland and Central Europe [Social Science Abstracts](#) ,1929 [Evidence and Counter-Evidence: Essays in Honour of Frederik Kortlandt, Volume 1](#) ,2008-01-01 The editors PREFACE LIST OF PUBLICATIONS BY FREDERIK KORTLANDT driaan Barentsen O S P STAVI EL N IZUC NII GR NICI L NY VR NNY S JUZ V SL VJANS I JAZY V Robert S P Beekes PALATALIZED CONSONANTS IN PRE GREEK Uwe Blasing TALYSCHI RIZ SPUR UND VERWANDTE EIN BEITRAG ZUR IRANISCHEN WORTFORSCHUNG Vaclav Blazek CELTIC SMITH AND HIS COLLEAGUES Johnny Cheung THE OSSETIC CASE SYSTEM REVISITED Bardhyl Demiraj ALB RRUSH ON RAGUSA UND GR RHOKS Rick Derksen QUANTITY PATTERNS IN THE UPPER SORBIAN NOUN George E Dunkel LUVIAN TAR AND HOMERIC AR Jose L Garcia Ramon ERERBTES UND ERSATZKONTINUANTEN BEI DER REKONSTRUKTION VON INDOGERMANISCHEN KONSTRUKTIONSMUSTERN IDG G HEU UND HETH LAHU HHI GIESSEN Eric P Hamp INDO EUROPEAN SG HEDHLA Andries van Helden IS CASE A LINGUIST OR A FREDERIK Tette Hofstra AUS DEM BEREICH DER GERMANISCH OSTSEEFINNISCHEN

"We Belong to Them" Tünde Puskás, 2009 This book explores what happens with ethnic and national identifications built on the same ethnocultural grounds but under different socioeconomic circumstances Territorial and non territorial minorities have traditionally been considered not susceptible to comparison because it was assumed that groups organized on different grounds were distinctively separate phenomena In this study the comparative method is used to throw new light on how ethnic and national identifications are constructed negotiated and re constructed in territorial and non territorial minority contexts The author investigates whether the ethnic and national identification and articulation processes of Hungarians in Slovakia and Hungarians in Sweden constitute different types of Hungarianness Drawing on extensive interview material the empirical focus is on the interaction of self narratives and public narratives The author seeks to challenge the notion that national minorities and diaspora communities are fundamentally different in their understanding

of nationhood and their relationship to an external national homeland **Richard Wagner and His World** Thomas S. Grey, 2009-07-27 Richard Wagner 1813-1883 aimed to be more than just a composer. He set out to redefine opera as a total work of art combining the highest aspirations of drama, poetry, the symphony, the visual arts, even religion and philosophy. Equally celebrated and vilified in his own time, Wagner continues to provoke debate today regarding his political legacy as well as his music and aesthetic theories. *Wagner and His World* examines his works in their intellectual and cultural contexts. Seven original essays investigate such topics as music drama in light of rituals of naming in the composer's works and the politics of genre, the role of leitmotif in Wagner's reception, the urge for extinction in *Tristan und Isolde* as psychology and symbol, Wagner as his own stage director, his conflicted relationship with pianist/composer Franz Liszt, the anti-French satire *Eine Kapitulation* in the context of the Franco-Prussian War, and responses of Jewish writers and musicians to Wagner's anti-Semitism. In addition to the editor, the contributors are Karol Berger, Leon Botstein, Lydia Goehr, Kenneth Hamilton, Katherine Syer, and Christian Thorau. This book also includes translations of essays, reviews, and memoirs by champions and detractors of Wagner, glimpses into his domestic sphere in Tribschen and Bayreuth, and all of Wagner's program notes to his own works. Introductions and annotations are provided by the editor and David Breckbill. Mary A. Cicora, James Deaville, Annegret Fauser, Steven Huebner, David Trippett, and Nicholas Vazsonyi **Revival: Studies of Savages and Sex (1929)** Alfred Ernest Crawley, 2018-05-08 The success of my revised edition of Mr. Crawley's *The Mystic Rose* has encouraged me to bring together in the present volume some of his papers previously unpublished in book form on subjects akin to those of his great work. Mr. Crawley's treatment of these problems of sexual anthropology, especially on the psychological side, was in the years in which he was most actively at work too uncompromisingly original to meet with general acceptance even in academic circles. But now his standpoint, which can perhaps be best described as being that of a profound psychological analysis on the basis of biological common sense, is beginning to be appreciated. And the following papers will be found, I think, to contain all those qualities which so sharply differentiate Mr. Crawley's work from that of most other students in the same fields.
