Girls examines women's films and filmgoing in the 1910s a period when female patronage was energetically courted by the industry for the first time. By looking closely at how women were invited to participate in movie culture the films they were offered and the visual pleasures they enjoyed Shelley Stamp demonstrates that women significantly complicated cinemagoing throughout this formative transitional era. Growing female patronage and increased emphasis on women's subject matter did not necessarily bolster cinema's cultural legitimacy as many in the industry had hoped for. Women were not always enticed to the cinema by dignified uplifting material and once there they were not always seamlessly integrated in the social space of theaters nor the new optical pleasures of film viewing. In fact Stamp argues that much about women's films and filmgoing in the post-nickelodeon years challenged rather than served the industry's drive for greater respectability. White slave films action adventure serial dramas and women's suffrage photoplays all drew female audiences to the cinema with stories aimed directly at women's interests and with advertising campaigns that specifically targeted female moviegoers. Yet these examples suggest that women's patronage was built with stories focused on sexuality sensational thrill seeking and feminist agitation topics not normally associated with ladylike gentility. And in each case concerns were raised about women's conduct at cinemas and the viewing habits they enjoyed demonstrating that women's integration into motion picture culture was not as smooth as many have thought.

A Treatise on the Jurisdiction and Practice of the English Courts in Admiralty Actions and Appeals Robert Griffith Williams, Gainsford Bruce, Charles Fuhr Jemmett, 1886 The Slave Narrative Marion Wilson Starling, 1988 **Department of State Publication** USA Department of State, 1874 *Travels at the Cape of Good Hope, 1772-1775* Carl Peter Thunberg, 1986 Tales from "Blackwood", 1902 **Early Modern Philosophy** Jonathan Head, John Grey, 2024-11-28. For anyone in search of the philosophers who influenced one of the richest moments in Western intellectual history this inclusive reader is the place to start. Early Modern Philosophy showcases an unrivalled range of thinkers. Through them you are introduced to a selection of their texts that return important philosophical ideas and debates to our understanding of modern philosophy. Addressing a one-sided view of intellectual history that has persisted for centuries this reader goes beyond the usual focus on rationalism and empiricism with readings organised into three parts: Dualistic theories of human nature as the union of a mind and a body; Debates concerning social relations and education; The nature of reality and the way in which the mind reveals or constructs our understanding of the world. The thematic approach puts women philosophers and understudied figures in direct conversation with canonical thinkers. Extracts from primary sources are accompanied by biographical details, questions for reflection, further reading and summaries that place philosophers in their historical contexts. **"The" Athenaeum**, 1897 **The Making of an English Slave-owner** Kirsten McKenzie, 1993
