Doing Research as a Native Kira D. Jmet, Merouan Mekouar, 2024 When I started fieldwork for my PhD dissertation I was fresh out of Edward Schatz s qualitative methods graduate seminar at the University of Toronto The seminar was based on his edited volume *Political Ethnography* Schatz 2009 which I devoured but I have only recently grasped the book s importance in my discipline of political science *Political Ethnography* signaled that questions of positionality were finally being taken seriously by political scientists many years after their integration in fields such as anthropology sociology and geography Around the same time the late Lee Ann Fujii whose 2018 book *Interviewing in Social Science Research* in many ways defined the direction of qualitative methods in political science gave a job talk in my department Mesmerized by her account of how local ties shaped mass scale violence in Rwanda I asked Fujii to join my doctoral committee Looking back I realize just how much these formative mentors influenced what I would see as my key responsibilities during my first fieldwork trips to the former Yugoslavia region in 2010 and 2011

S government publications in one place *The Case of Crimea's Annexation Under International Law* Karolina WIERCZYŃSKA, 2017-02-15 This book addresses issues connected with Russia's 2014 annexation of Crimea that are both of key current relevance and crucial from the point of view of both international law and international relations. It not only offers a comprehensive elaboration of the subject but also presents it from the points of view of states directly engaged in the conflict. For the authors in this book include researchers from many European countries albeit first and foremost from both Ukraine and Russia. In this way the collected work represents a contribution of undoubted value where the ongoing international debate on the Crimean annexation is concerned. From the review by Prof Anna Wyrozumska: This book offers an interesting holistic and competent contribution to legal analysis surrounding Russia's annexation of Crimea, the consequences thereof and the responsibility in international law therefor. It is characterised by a high level of legal analysis by a competent international team of authors led by Polish experts on the subject whose painstaking selection of co-authors has allowed for an airing of both Ukrainian and Russian standpoints. From the review by Prof Jerzy Kranz: Książka stanowi wspólnie przedsięwzięcie Wydawnictwa Naukowego Scholar i Centrum Polsko-Rosyjskiego Dialogu i Porozumienia. <http://cpr.dip.pl> Book published in co-edition with The Centre for Polish-Russian Dialogue and Understanding. <http://cpr.dip.pl> **In Sight of America** Dr. Anna Pegler-Gordon, 2023-04-28 When restrictive immigration laws were introduced in the late nineteenth and early twentieth centuries they involved new requirements for photographing and documenting immigrants: regulations for visually inspecting race and health. This work is the first to take a comprehensive look at the history of immigration policy in the United States through the prism of visual culture. Including many previously unpublished images and taking a new look at Lewis Hine's photographs, Anna Pegler-Gordon considers the role and uses of visual documentation at Angel Island for Chinese immigrants, at Ellis Island for European immigrants and on the U.S.-Mexico border. Including fascinating close visual analysis and detailed histories of immigrants in addition to the perspectives of officials, this richly illustrated book traces how visual regulations became central in the early development of U.S. immigration policy and in the introduction of racial immigration restrictions. In so doing it provides the historical context for understanding more recent developments in immigration policy and at the same time sheds new light on the cultural history of American photography. When restrictive immigration laws were introduced in the late nineteenth and early twentieth centuries they involved new requirements for photographing and documenting immigrants: regulations for visually inspecting race and health. This work is the first.
