Some of these tales you may know published in anthologies, blogs, or even featured as contest winners. Others are hidden gems that are no longer satisfied to collect dust, including some deleted scenes from The Cedric Series. Readers will encounter myths and monsters from all over the world before being pulled back close to home or in this case, Florida. If that wasn't enough, find love in unusual places from the sea to cemetery. *Val's House of Musings* is the first short story collection pulled together for fans and new readers to savor a little at a time. *Narrative and Identity in the Ancient Greek Novel* Tim Whitmarsh, 2011-04-07 The Greek romance was for the Roman period what epic was for the Archaic period or drama for the Classical: the central literary vehicle for articulating ideas about the relationship between self and community. This book offers a reading of the romance both as a distinctive narrative form using a range of narrative theories and as a paradigmatic expression of identity, social, sexual, and cultural. At the same time, it emphasises the elasticity of romance narrative and its ability to accommodate both conservative and transformative models of identity. This elasticity manifests itself partly in the variation in practice between different romancers, some of whom are traditionally Hellenocentric while others are more challenging. Ultimately, however, it is argued that it reflects a tension in all romance narrative which characteristically balances centrifugal against centripetal dynamics. This book will interest classicists, historians of the novel.
