Urban Evangelism Manuel Rosario, 2014-10-17 This book is a useful tool to understand the concentration of urban population and the challenges that it brings to reach them with the everlasting gospel There is a need to utilize a wholistic approach to sharing the gospel in urban settings The effective outreach activities used to reach each of these cities will include life hope centers church planting community services health ministries seminars small groups and reaping campaigns Planting and Growing Urban Churches Harvie M. Conn, 1997-07 Practical steps to take toward establishing vital churches in metropolitan areas amidst formidable challenges Urban Ministry Manuel Ortiz, Harvie M. Conn, 2025-06-06 No 3 in the Academy of Parish Clergy Top Ten Books of the Year The city presents serious challenges that cry out for answers poverty racism human exploitation and government corruption How can the church move ahead in the midst of these demands with the gospel of hope Here in one comprehensive volume Harvie Conn and Manuel Ortiz two noted scholars and proven practitioners of urban ministry address the vital work of the church in the city Their dual goal to understand the city and God's work in it Through four great waves of development Conn and Ortiz trace the history of the city around the world Then they tackle the critical issue of a biblical basis for urban mission How does the Bible view the city Are we closer to God in the country than the city Does the Bible have an anti urban bias These questions are given a thorough analysis that unveils God's urban mandate as reflected in both Old and New Testaments From this foundation the authors unpack the multifaceted nature of the city as place as process as center as power and as a place of change and stability They move us beyond fragmented stereotypes to a new way of seeing that is holistic enough for a fully biblical ministry to develop In addition Conn and Ortiz lay out what the social sciences have to offer urban mission including ethnographic and demographic studies and they focus on the particular issues and needs of urban leadership including a plan for developing and mentoring leaders while equipping the laity for ministry in the city This is the essential text for bringing God's kingdom to the city through the people of God **Subject Guide to Books in Print**, 1997 The Encyclopedia of New York City Kenneth T.
