Us Affairs 2015 Almanac:

The Middle East, Oil, and the U.S. National Security Policy Donald M. Snow, 2016-03-17 Three interrelated subject areas are at the heart of the current foreign and national security dilemma One is the Middle East which has been the epicenter of most U S policy activity for over a third of a century The second is energy policy particularly as it is affected by the development and exploitation of shale oil and gas reserves in the United States This is linked to the Middle East because it has been American dependence on Middle East petroleum that has created the interest the U S has in this region The third area is military manpower policy and two simultaneous wars in the new century have raised questions about the all volunteer force policy in place since 1972 It is increasingly evident that foreign and defense policy are strained and in need of fresh conceptualization The three areas identified are the most obvious examples of policy dysfunction The key area is the Middle East region As long as the United States remains heavily committed to this part of the world especially with military force and essentially because of its energy needs there will be strains on manpower resources that could force a reexamination of the all volunteer concept At the same time the reduction of U S dependence on Middle Eastern oil loosens the bonds that seem to impel American activism in the region The result could be true opportunities for a less confrontational adversary driven foreign and defense posture *Asian and Pacific Islander Americans in Congress, 1900-2017* Albin Kowalewski, 2017

Nostra Aetate Pim Valkenberg, 2016-09-02 The contents of this book originated in a conference at the Catholic University of America in May 2015 The essays and lectures contained within focus on the relationships of the Catholic Church with the other Abrahamic faiths primarily Islam and Judaism There is some discussion of the Asian religions as well This volume in structure loosely follows the document Nostra Aetate itself The first part of the book gives a broad view of the document and its importance The following parts concentrates on the relationships between the Catholic Church and the Asian Muslim and Jewish religions The concluding section of the book surveys the reception Nostra Aetate received in various ecclesial and academic contexts **Brooklyn Daily Eagle Almanac** ,1902 **Defense Innovation Handbook** Adedeji B. Badiru, Cassie Barlow, 2018-09-03 Innovation is the lifeline of national development This handbook is a collection of chapters that provide techniques and methodologies for achieving the transfer of defense targeted science and technology development for general industrial applications The handbook shows how to translate theory and ideas into practical applications Experts from national defense institutions government laboratories business and industry contributed chapters to this handbook The handbook also serves as an archival guide for nations communities and businesses expecting to embark upon science and technology transfer to industry Included are several domestic and international case examples of practical innovation Since the dawn of history nations have engrossed themselves in developing new tools techniques and methodologies to protect their geographical boundaries From the crude implements used by prehistorical people to very modern technologies the end game has been the same That is to protect the homeland Even in times of peace efforts must be

made to develop new machinery equipment processes and devices targeted for the protection of the nation The emergence of organized nations and structured communities facilitated even more innovative techniques of national defense Evolution revolution and innovation have defined human existence for millennia From the Ice Age to the Stone Age the Bronze Age the Iron Age and to the modern age innovation rudimentary as it may be in many cases has determined how humans move from one stage to the next This comprehensive handbook provides a clear guide on the nuances of initiating and actualizing innovation Both the qualitative and quantitative aspects of innovation are covered in the handbook Features Uses a systems framework to zero in on science and technology transfer Focuses on leveraging technical developments in defense organizations for general societal applications Coalesces the transfer strategies collated from various sources and practical applications Represents a world class diverse collection of science and technology development utilization and transfer Highlights a strategy for government academia and industry partnerships

North American Maps for Curious Minds Matthew Bucklan, Victor Cizek, 2021-11-30 No matter how well you think you know North America the infographic maps in this atlas uncover a trove of fresh wonders that make the continent seem like the center of the universe The authors highlight the unexpected contours of geography history nature politics and culture You ll discover new ways to see North America and the hundreds of millions who call it home adapted from back cover

US Hegemony and the Americas Arturo Santa-Cruz, 2019-12-06 In this book Arturo Santa Cruz advances an understanding of power as a social relationship and applies it consistently to the economic realm in United States relations with other countries of the Western Hemisphere Following the academic and popular debate on the ebb and flow of US hegemony this work centers the analysis in a critical case for the exercise of US power through its economic statecraft the Americas its historical zone of influence The rationale for the regional focus is methodological if it can be shown that Washington's sway has decreased in the area since the early 1970s when the discussion about this matter started it can be safely assumed that the same has occurred in other latitudes The analysis focuses on three regions North America Central America and South America Since each region contains countries that have at times maintained very different relationships with the United States the findings contribute to a better understanding of the practice of US power in the sub region in question adding greater variability to the overall results US Hegemony and the Americas Power and Economic Statecraft in International Relations is an invaluable resource for students and scholars interested in Latin American History and Politics North American Regional Integration

International Relations Economic Statecraft Political Economy and Comparative Politics

Gerrymandering in America Anthony J. McGann, Charles Anthony Smith, Michael Latner, Alex Keena, 2016-04-04 This book considers the political and constitutional consequences of *Vieth v Jubelirer* 2004 where the Supreme Court held that partisan gerrymandering challenges could no longer be adjudicated by the courts Through a rigorous scientific analysis of US House district maps the

authors argue that partisan bias increased dramatically in the 2010 redistricting round after the Vieth decision both at the national and state level From a constitutional perspective unrestrained partisan gerrymandering poses a critical threat to a central pillar of American democracy popular sovereignty State legislatures now effectively determine the political composition of the US House The book answers the Court's challenge to find a new standard for gerrymandering that is both constitutionally grounded and legally manageable It argues that the scientifically rigorous partisan symmetry measure is an appropriate legal standard for partisan gerrymandering as it logically implies the constitutional right to individual equality and can be practically applied

Economics of Means-Tested Transfer Programs in the United States, Volume I

Robert A. Moffitt, 2016-11-18 Few government programs in the United States are as controversial as those designed to help the poor From tax credits to medical assistance the size and structure of the American safety net is an issue of constant debate These two volumes update the earlier Means Tested Transfer Programs in the United States with a discussion of the many changes in means tested government programs and the results of new research over the past decade While some programs that experienced falling outlays in the years prior to the previous volume have remained at low levels of expenditure many others have grown including Medicaid the Earned Income Tax Credit the Supplemental Nutrition Assistance Program and subsidized housing programs For each program the contributors describe its origins and goals summarize its history and current rules and discuss recipients characteristics and the types of benefits they receive This is an invaluable reference for researchers and policy makers that features detailed analyses of many of the most important transfer programs in the United States

Assessment in Student Affairs John H. Schuh, J. Patrick Biddix, Laura A. Dean, Jillian Kinzie, 2016-04-27 A practical comprehensive manual for assessment design and implementation *Assessment in Student Affairs* Second Edition offers a contemporary look at the foundational elements and practical application of assessment in student affairs Higher education administration is increasingly called upon to demonstrate organizational effectiveness and engage in continuous improvement based on information generated through systematic inquiry This book provides a thorough primer on all stages of the assessment process From planning to reporting and beyond you'll find valuable assessment strategies to help you produce meaningful information and improve your program Combining and updating the thoroughness and practicality of *Assessment in Student Affairs* and *Assessment Practice in Student Affairs* this new edition covers design of assessment projects ethical practice student learning outcomes data collection and analysis methods report writing and strategies to implement change based on assessment results Case studies demonstrate real world application to help you clearly see how these ideas are used effectively every day and end of chapter discussion questions stimulate deeper investigation and further thinking about the ideas discussed The instructor resources will help you seamlessly integrate this new resource into existing graduate level courses Student affairs administrators understand the importance of assessment but many can benefit from additional

direction when it comes to designing and implementing evaluations that produce truly useful information This book provides field tested approaches to assessment giving you a comprehensive how to manual for demonstrating and improving the work you do every day Build your own assessment to demonstrate organizational effectiveness Utilize quantitative and qualitative techniques and data Identify metrics and methods for measuring student learning Report and implement assessment findings effectively Accountability and effectiveness are the hallmarks of higher education administration today and they are becoming the metrics by which programs and services are evaluated Strong assessment skills have never been more important Assessment in Student Affairs gives you the knowledge base and skill set you need to shine a spotlight on what you and your organization are able to achieve

Cases in International Relations Donald M. Snow, 2019-12-09 Designed to complement the main themes of any introductory IR course Snow's bestselling text presents original case studies that survey the state of the international system and look in depth at issues of current interest The cases are extremely timely geopolitically diverse accessibly written and of high interest and salience amidst today's headlines The eighth edition features 18 shorter case studies four more than the previous edition each of which is designed to be highly accessible and read in a single sitting allowing for an expansion in the number of topics covered New and updated topics include petrolism diplomacy instruments of power the universality of human rights cybersecurity and cyberwar terrorism and nuclear proliferation

Militarisation in East Asia. Considerations from the Works of Thucydides and Alfred Thayer Mahan Steve Micallef, 2017-03 I believe China seeks hegemony in East Asia Simple as that Such were the words Admiral Harry Harris Commander U S Pacific Command PACOM used to describe Chinese actions in East Asia After two decades of effort towards modernization it seems that the People's Liberation Army Navy PLAN is in a position to challenge US primacy in East Asia The PLAN has developed both in terms of capability and strategy through its emphasis on Anti Access Area Denial A2 AD and blue water forces embracing Alfred Thayer Mahan's ideas on access and sea control What we are witnessing in China is a shift in thinking from a continental viewpoint to a maritime one After a decade of wars in the Middle East the US has been taken by surprise Today it looks at China's naval build up as threatening The US has taken steps to refocus its attention on East Asia and meet the challenge of a contested sea The dynamics of the Sino American relation will also be examined through the lens of Thucydides and his ideas of great power This study discusses Mahan's and Thucydides influence on Chinese and American ways of thinking and whether it will impact the future trajectory of the Sino American relationship The main developments in capability and strategy on both sides will also be examined

Air University Library Index to Military Periodicals, 1997

Experiencing Cities Mark Hutter, 2020-10-21 The fourth edition of Mark Hutter's *Experiencing Cities* examines cities and larger metropolitan areas within a truly global framework lending readers much to understand and appreciate about the variety of urban structures and processes and their effect on the everyday lives of people residing in cities Beginning with the emergence of the first urban centers and continuing to examine the present day

and the future of smart cities this book explores the changing cultural and domestic character of the metropolis and offers readers a complete historical and theoretical overview of municipal life The new edition seamlessly integrates issues of gender race ethnicity sexuality and class in its examination of city and suburban life and further extends the Chicago School of Sociology perspective by combining its traditions with a distinct social psychological orientation derived from symbolic interaction and macro level examination of social organization social change and power in the urban context With this strong and sweeping interdisciplinary approach the new edition of *Experiencing Cities* will continue to enrich students understandings of urban life and offer new forward looking perspective to those working in the fields of urban sociology history politics geography and the arts

Exceptions to the Rule Molly E. Reynolds, 2017-07-18 Special rules enable the Senate to act despite the filibuster Sometimes Most people believe that in today's partisan environment the filibuster prevents the Senate from acting on all but the least controversial matters But this is not exactly correct In fact the Senate since the 1970s has created a series of special rules described by Molly Reynolds as majoritarian exceptions that limit debate on a wide range of measures on the Senate floor The details of these exemptions might sound arcane and technical but in practice they have enabled the Senate to act even when it otherwise seemed paralyzed Important examples include procedures used to pass the annual congressional budget resolution enact budget reconciliation bills review proposals to close military bases attempt to prevent arms sales ratify trade agreements and reconsider regulations promulgated by the executive branch Reynolds argues that these procedures represent a key instrument of majority party power in the Senate They allow the majority even if it does not have the sixty votes needed to block a filibuster to produce policies that will improve its future electoral prospects and thus increase the chances it remains the majority party As a case study *Exceptions to the Rule* examines the Senate's role in the budget reconciliation process in which particular congressional committees are charged with developing procedurally protected proposals to alter certain federal programs in their jurisdictions Created as a way of helping Congress work through tricky budget issues the reconciliation process has become a powerful tool for the majority party to bypass the minority and adopt policy changes in hopes that it will benefit in the next election cycle

Religion and Contemporary Politics Timothy J. Demy, Jeffrey M. Shaw Ph.D., 2019-09-19 With respect to the countries of the world this work addresses two basic questions How does religion affect politics in this country and How does politics affect religion in this country Although there are many books on the topics of religion and politics reference works that consider the two together are few with those that do exist primarily addressing theory rather than trends The present work does the latter contextualizing them within regional and national boundaries In so doing it recognizes the power of political and religious ideas and movements on individuals communities and nations making the work a valuable resource for several disciplines among them political science international relations religion and sociology The work focuses on the interplay of religion and politics in countries around the world with an emphasis on the post 2000s It is organized by global geographic

regions including Africa Central and South America and the Middle East and presents countries alphabetically within those sections Each region has a brief overview of the political religious dynamics of the area so readers can compare and contrast the dynamics between and among countries in a region The work also includes an introduction sidebars and a bibliography
