The Early Republic Complete Unit Guide Packet

Overview

The ratification of the Constitution and election of George Washington as America's first president finally unified the thirteen states of the Revolution and created a new nation. However, after decades for the new Republic to develop, in the summer of 1789, Americans in Philadelphia met a process known as the **Constitutional Convention** that Washington himself went to put down.

A crisis in Washington's Federal led to the development of America's **first political parties**. Federalists and Democratic-Republicans. Washington warned against the development along with American getting entangled in foreign affairs in the **Neutrality Proclamation**. His Vice President John Adams represented him as America's second president and was elected twice. Their relations was the XYZ Affair and resulting Quasi-war with France. The resulting armed but no war is known as the **Quasi-war with France**. These events led to the creation of the **Alien and Sedition Acts**. These controversial laws made it harder for any immigrant to become a citizen. Jefferson's presidency is important for citizens who were concerned religious and civil liberties making these statements that were critical of the government.

Adams was defeated by Jefferson in the Election of 1800. Jefferson called it a "Revolution without blood" and the peaceful transfer of power to the Democratic-Republican Party. Jefferson wanted the expansion of the United States with the Louisiana Purchase and began a "Virginia Dynasty" that lasted from 1800 to 1808. After Jefferson's two terms as president, he was followed by his own vice president, James Madison. Madison was elected in 1808 and began his presidency in 1809. Madison was elected in 1808 and began his presidency in 1809. Madison was elected in 1808 and began his presidency in 1809.
