Divine,1987 The Johnson Years, Volume Two Robert A. Divine,1990-04-01 Stretching from November 1963 to January 1969 the administration of Lyndon Baines Johnson was marked both by division and tumult and by significant accomplishments In this volume Robert Divine has brought together seven senior scholars who in new essays explore aspects of domestic and foreign policy during the Johnson years This collection is a sequel to Divine s earlier volume originally published as Exploring the Johnson Years The seven essays that compose Volume Two together with Divine s incisive and perceptive historiographical overview offer new insights into Johnson s complex character and leadership style The LBJ that emerges from these pages is a very human figure who understands the corrosive pervasive impact of the Vietnam War on his administration and who struggles to try to preserve the domestic programs he fought so long and hard to achieve In exploring the antiwar movement tax and foreign economic policies environmental and health care questions and the space program these essays demonstrate how domestic issues were critically affected by the Vietnam War and provide a fuller understanding of Johnson s vital but flawed legacy to the nation

National Advisory Committee for Aeronautics,1924 **Taiwan During the First Administration of Tsai Ing-wen** Gunter Schubert,Chun-yi Lee,2021-10-21 This book offers a substantive assessment of the first Tsai Ing wen administration

investigating different policy fields and issues from 2016 to 2020 prior to Tsai's election for a second term. Providing a balanced account of government performance under Tsai's Ing-wen's reign, chapters in this edited volume combine theory and extensive empirical data to highlight both achievements and shortfalls of her administration. Chapters range comprehensively from topics of the implementation of same-sex marriage, curriculum reform, transitional justice, industrial policy, and pension reform, which have been celebrated by domestic Tsai Ing-wen supporters but have also met with considerable opposition from within Taiwanese society. Externally, cross-strait relations, the New Southbound Policy, and the triangular relationship with China and the USA, which embodied major challenges for Tsai's first administration, are also analysed as key reference points throughout. Featuring contributions from twenty-six internationally renowned Taiwan scholars, *Taiwan During the First Administration of Tsai Ing-wen* is an essential resource for students and scholars of Taiwanese politics and society, cross-strait relations, and international relations.
