**U.S. News & World Report**, 2008 *Parents, Media and Panic through the Years* Karen Leick, 2018-08-27 This book analyses articles that appeared in popular periodicals from the 1920s to the present each revealing the panic that parents and adults have expressed about media including radio television video games and the Internet for the last century Karen Leick argues that parents have continuously shown an intense anxiety about new media while expressing a romanticized nostalgia for their own youth Recurring tropes describe concerns about each addictive new media children do not play outside anymore lack imagination and may imitate violent or other inappropriate content that they encounter **Schooling in the Light of Popular Culture** Paul Farber, Eugene F. Provenzo Jr., Gunilla Holm, 1994-06-28 Annotation Explores an underexamined source of influence that affects the way schooling is experienced and understood in contemporary culture namely the flow of symbolic forms comprising mainstream popular culture The volume centers on the portrayal of aspects of schooling its characteristics participants glories and problems as they are constructed and displayed in diverse forms of popular culture The main assumption is that involvement in contemporary schooling at any level as teacher student policymaker administrator or concerned citizen is conditioned by the sociocultural context in which schooling is understood a context that is in turn mediated by powerful forms of popular culture Paper edition 1872 3 19 95 Annotation c by Book News Inc Portland Or **A Republican's Lament** Bill Crawford, 2024-10-15 Bill Crawford thought his modern day Republican Party would lift Mississippi off the bottom a notion born of Gil Carmichael's vision for good government conservatism A Republican's Lament tells of Crawford's dedicated efforts to implement Carmichael's vision his keen observations of Mississippi's struggles and his critical commentaries over the past half century For more than fifty years few people have had a better view or a wider variety of roles in the ups and downs of Mississippi and its communities than Crawford The Canton native has been a daily newspaper reporter a crusading small town weekly editor a Republican Party leader a reform minded Republican state representative an influential Institutions of Higher Learning board trustee a successful banker a community college administrator a state economic development official a community development leader and nonprofit founder a mentor of developing community leaders and a syndicated political columnist From Gil Carmichael's vision for good government and Haley Barbour's pragmatic conservatism to starve the beast and truth management politics poverty and the Cycle of Prosperity Faulkner's curse and other behavioral shadows the Ayers case and more Crawford weaves a unique and eventful story about his home state's enduring dilemmas and a clarion call for its better possibilities [All the Presidents' Children](#) Doug Wead, 2004-01-06 Biographical sketches of the children of the presidents from the time of George Washington to the present **Handbook of Youth and Justice** Susan O. White, 2013-11-11 When approached by Plenum to put together a volume of social science research on the topic of youth and justice I found the interdisciplinary challenge of such a project intriguing Having spent 2 years as Director of the Law and Social Science Program at the National Science Foundation I was

well aware of the rich diversity of research that could fit within that topic I also knew that excellent research on youth and justice was coming from different communities of researchers who often were isolated from each other in their respective disciplines as psychologists sociologists criminologists or policy analysts I saw this project as an opportunity to break down some of this isolation by introducing these researchers and their work to each other and to the broader community of social scientists interested in law and justice There was another gap or set of gaps to be bridged as well The juvenile justice system and the criminal justice system differ in significant ways and the civil justice system which is a major venue for issues of youth and justice is yet another separate world Few researchers are likely to know the whole picture For example a focus on juvenile justice often ignores the extent to which civil justice proceedings shape the lives of young people through divorce custody adoption family preservation policies and other actions and vice versa *The American Teacher* Donald H. Parkerson, Jo Ann Parkerson, 2010-06-21 *The American Teacher* is a comprehensive education foundations text with an emphasis on the historical continuity of educational issues that empowers prospective teachers to channel their innate idealism into effective teaching practices *The Public Assault on America's Children* Valerie Polakow, 2000-12 Does our society care about its children This provocative and in depth examination of violence in the lives of children uncovers the conditions and social policies that perpetuate violence In addition this volume forces us to look at other forms of violence confronting children in families neighborhoods and schools The violence of poverty and homelessness The violence of environmentally induced childhood diseases The media and legislative criminalization of children and The increasing trend towards incarceration of youthful offenders The pre eminent contributors to this volume examine these issues from both historical and contemporary public policy perspectives They address the myths and realities of youth violence and the impact of poverty race and gender Prevailing ideas about punishment and retribution the role of the state in terms of private or public responsibility and the developmental needs of the child are all themes that frame the multiple advocacy perspectives presented by these cogent essays *Cincinnati Magazine*, 2007 *Cincinnati Magazine* taps into the DNA of the city exploring shopping dining living and culture and giving readers a ringside seat on the issues shaping the region **Maternal Narratives in Public Contexts** Catherine A. Dobris, Rachel Davidson, Kim White-Mills, 2024-12-15 *Maternal Narratives in Public Contexts Shaping Perspectives and Enacting Identities* brings together critical research on the construction and enactment of mothering and motherhood in public spheres The book is divided into two parts in the first part authors examine how prevailing ideals of motherhood influence twenty first century culture by exploring iterations of maternal identity in various media forms from Dr Spock s self help guide to film and small screen entertainment In the second part the authors investigate how tropes of motherhood manifest and operate in academia the workplace and in political spheres Ultimately this book explores how maternal identities are both formed and articulated in public discourse arguing that rhetorical influences inform the ways in which we define recognize and enact maternal identities and the sociocultural

**Operation Pedro Pan and the Exodus of Cuba's Children** Deborah Shnookal,2022-06-28 This in depth examination of one of the most controversial episodes in U S Cuba relations sheds new light on the program that airlifted 14 000 unaccompanied children to the United States in the wake of the Cuban Revolution Operation Pedro Pan is often remembered within the U S as an urgent rescue mission but Deborah Shnookal points out that a multitude of complex factors drove the exodus including Cold War propaganda and the Catholic Church s opposition to the island s new government Shnookal illustrates how and why Cold War scare tactics were so effective in setting the airlift in motion focusing on their context the rapid and profound social changes unleashed by the 1959 Revolution including the mobilization of 100 000 Cuban teenagers in the 1961 national literacy campaign Other reforms made by the revolutionary government affected women education religious schools and relations within the family and between the races Shnookal exposes how in its effort to undermine support for the revolution the U S government manipulated the aspirations and insecurities of more affluent Cubans She traces the parallel stories of the young Pedro Pans separated from their families in some cases indefinitely in what is often regarded in Cuba as a mass kidnapping and the children who stayed and joined the literacy brigades These divergent journeys reveal many underlying issues in the historically fraught relationship between the U S and Cuba and much about the profound social revolution that took place on

the island after 1959 Publication of the paperback edition made possible by a Sustaining the Humanities through the American Rescue Plan grant from the National Endowment for the Humanities      **From Children to Citizens** Francis X. Hartmann, 2012-12-06 From the preface The issues around which the juvenile justice system is centered frequently evoke anger and impatience These emotions arise because the issues are so important and movement concerning the same issues seems nonexistent The persons who are involved with those same issues however elicit respect and often affection The Executive Sessions of the Kennedy School of Government combine the two elements issues and persons with the stated goal of advancing fruitful and effective public policy The Executive Session on the Future of the Juvenile Justice System regularly brought to the same table over a period of almost two years persons who understand the issues well who are professionally and personally invested in certain positions on the issues and who were willing to engage themselves fully in the exchange of ideas both theoretical and practical which an Executive Session demands This book is one of the products of that process The editor who chaired the meetings of the Session takes certain positions regarding the future of the juvenile justice system and what the system should look like ten years from now 1
