

General Manual - 330
PART 461 -- TRIP REPORTS

WA461.1(d)

WA461.0 Purpose

This part sets forth policy in Washington State regarding the preparation and distribution of trip reports.

WA461.1 Policy

(a) State office staff, technical support staff, and all team specialists will make trip reports when one or more of the following conditions exist:

(1) When particularly noteworthy or special progress has been accomplished in items such as quantity of work, quality of work, training, and working relationships.

(2) When unique or unusual kinds of problems, situations, techniques, or procedures have been noted.

(3) When deficiencies or needs for improvement have been noted that are of the nature that should be brought to the attention of others and/or of the type for which definite and specific follow-up is needed.

(4) When requested at the discretion of the supervisor or participants.

(b) Trip reports are not required where repetitive trips are made to the same location or project to collect data or make routine studies such as in the development of watershed work plans, river basin studies, program or functional inspections, or soil survey progress reviews. Reports are not required covering attendance at in-service meetings such as team meetings and workshops where an agenda has been developed prior to the meeting.

(c) Staff members who attend or participate in interagency meetings or conferences should report significant developments to their supervisors. These reports may be either oral or written as circumstances require, but need not be in the usual trip report format.

(d) When assistance is provided by a team of two or more, only the spokesperson or project or team leader need report.
