**Emitting Display Technologies** Shuming Chen, Jianning Yu, Yibin Jiang, Rongsheng Chen, Tsz Kin Ho, 2015-10-14 Frontiers in Electrical Engineering is a book series dedicated to publishing current research in the field of electrical engineering and electronics. The vast amount of publications concerning these fields are summarized in each series volume with a key focus on device structures and fabrication techniques that are pertinent to the practical production processes and electronic applications. This volume presents an introduction to the subject of Active Matrix Organic Light Emitting Display (AMOLED) technology. AMOLEDs are generally integrated into electronic applications and production processes including understanding basic optical LED/OLED working principles and the fabrication and characterization of electronic and semiconductor devices. Other applications of AMOLEDs include white OLEDs, light outcoupling, encapsulation, thin film transistor backplanes, driving schemes, and circuit and layout design technologies. This volume will be helpful to novice scientists and engineers working on the development of practical OLED display and OLED lighting technology. Researchers studying organic electronics and advanced undergraduate and graduate students and professionals involved in the OLED industry will also benefit from the information given in this monograph.

**Cult of Analytics** Steve Jackson, 2015-12-22 Cult of Analytics enables professionals to build an analytics-driven culture into their business or organization. Marketers will learn how to turn tried and tested tactics into an actionable plan to change their culture to one that uses web analytics on a day-to-day basis. Through use of the fictitious ACME PLC case, Steve Jackson provides working examples based on real-life situations from the various companies he has worked with, such as Nokia, KONE, Rovio, Amazon, Expert, IKEA, Vodafone, and EMC. These examples will give the reader practical techniques for their own business regardless of size or situation, making Cult of Analytics a must-have for any would-be digital marketer. This new edition has been thoroughly updated, now including examples of how to get the best from Google Analytics as well as ways to use social media data, big data, tag management, and advanced persona segmentation to drive real value in your organization. It is also expanded to include exercises and new cases for students and tutors using the book as a text.
