Mathematics ,2014 **Maths** Christina Soh,2017 *Errors and Misconceptions in Maths at Key Stage 2* Mike
Spooner,2012-07-26 The activities in this book are designed both to help children to learn and to understand math concepts
and also to prepare them for taking SATS papers at KS2 There is plenty of research evidence to suggest that children are
helped in their understanding of math problems if teachers focus on common misconceptions and if children are given
opportunities for discussion and explanation of their own understanding Children can also feel stigmatized by being made to
focus on their own errors Mike Spooner has developed activities that present already completed work which children then
assess correct and discuss in this way they can analyze mistakes without damage to their own self esteem The activities are
presented in the same format as the SATS papers to give children practice in coping with that format The book also contains
writing frames that children can use to structure their discussions of math problems **Trouble-shooting Mathematics**
