The Teacher Quality Index James H. Stronge, Jennifer L. Hindman, 2006 We know that teachers make a profound difference in the lives of students and are the single most important school related influence on student achievement When it comes to teacher selection district and building level administrators are challenged to predict what kind of teacher a candidate will be based on information collected through an application and one or two interviews In this book James H Stronge and Jennifer L Hindman explain how to take the guesswork out of hiring decisions Their Teacher Quality Index TQI is a structured research based interview protocol built on the quality indicators explored in Stronge's best selling *Qualities of Effective Teachers* Here educators with hiring responsibilities will find interview questions that reveal what they most need to know about teacher candidates and question specific descriptive rubrics that support consistent evaluation of candidates responses The Teacher Quality Index is the easiest most reliable way to see that new hires possess both the personal qualities essential to effective teachers and the requisite proficiencies in classroom management instructional planning and delivery and the monitoring of student progress and potential An accompanying CD ROM provides forms and scoring rubrics for both screening interviews and building based interviews The question sets are presented in multiple configurations variations for experienced and novice teachers as well as interviewer's choice formats which allow for additional customization Protocol guidelines succinct discussions of underlying research and response rating exercises ensure readers will come away with the rationale know how and tools to implement this teacher selection process and ultimately increase the overall effectiveness of their teaching staff

Teaching with the Common Core Standards for English Language Arts, Grades 3-5 Lesley Mandel Morrow, Karen K. Wixson, Timothy Shanahan, 2012-12-07 The Common

Core State Standards CCSS are the first academic standards to be independently adopted by almost every state in the country. The purpose and intent of the Common Core standards for English Language Arts (ELA) as well as Literacy in History, Social Studies, and Science education are the focus of this book. This volume is aimed at educators, administrators, graduate students, university professors, and others who deal with students in grades 3 through 5. Each of the chapters addresses one of the major English Language Arts domains: literature, informational texts, foundational skills, writing, speaking, and listening, language technology, and assessment. They contain invaluable information, insight, and research from literacy leaders in their respective fields. Their objective is twofold: to provide a theoretical background and detailed explanation of each of the CCSS ELA standards, as well as practical suggestions, classroom vignettes, models, instructional resources, and unit ideas to implement the standards.
