Teacher Education for Ethical Professional Practice in the 21st Century Dreon, Oliver, Polly, Drew, 2016-10-06 The rise of online tools is altering the dynamic of modern classrooms as methods of educating students are technologically expanding. Due to this advancement, institutions and educators of all levels are reconsidering their curriculum in order to integrate new technical demands. *Teacher Education for Ethical Professional Practice in the 21st Century* is an authoritative reference work for the latest scholarly research on the emerging use of technology in the educational system. Featuring coverage on proper methods, arising challenges, and educator preparation, this publication is an essential reference source for academicians, professionals, and researchers seeking current research on the impact of the digital age on education.

Handbook of Research on Professional Development for Quality Teaching and Learning Petty, Teresa, Good, Amy, Putman, S. Michael, 2016-06-16 As educational standards continue to transform, it has become essential for educators and pre-service teachers to receive the support and training necessary to effectively instruct their students and meet societal expectations. However, there is not a clear consensus on what constitutes teacher effectiveness and quality within the education realm. *The Handbook of Research on Professional Development for Quality Teaching and Learning* provides theoretical perspectives and empirical research on educator preparation and methods for enhancing the teaching process. Focusing on teacher effectiveness and support provided to current and pre-service educators, this publication is a comprehensive reference source for practitioners, researchers, policy makers, graduate students, and university faculty.

OECD Skills Outlook 2015 Youth, Skills and Employability OECD, 2015-05-27 Young people around the world are struggling to enter the labour market. In some OECD countries, one in four 16-29 year olds is neither employed nor in education or training. *The OECD Skills Outlook 2015* shows how improving the employability of youth requires a comprehensive approach. While *A Marxist Education* Wayne Au, 2018-06-05 *Dialectics of Education* is a rich collection of essays analyzing both the role of education in shaping ideology in the United States and the political implications of struggles

for educational justice This book seeks to recover and reframe the dialectical materialist tradition in critical education studies and carries this tradition forward into theory and practice relevant for today Building on the tradition of the groundbreaking book *Schooling in Capitalist America* that was first published in 1976 author Wayne Au presents a Marxist perspective on educational policies and pedagogy and the highlights the potential for struggle in both the political arena and the classroom This book is an essential tool in the growing resistance against the privatization of education and for the struggle for educational rights for all students regardless of ethnicity or social status

Academic Advising in the Community College Terry U. O'Banion, 2019-12-10 Academic advising is the second most important function in the community college If it is not conducted with the utmost efficiency and effectiveness the most important function in the college instruction will fail to achieve its purpose of ensuring that students succeed in navigating the curriculum to completion The purpose of academic advising is to help students select a program of study to meet their life and vocational goals As such academic advising is a central and important activity in the process of education Academic advising occurs at least once each term for every student in the college few student support functions occur as often or affect so many students But while there is general agreement concerning the importance of academic advising for the efficient functioning of the institution and the effective functioning of the student there is little agreement regarding the nature of academic advising and who should perform the function In this seminal work on academic advising the authors of three overarching chapters address the key issues and challenges of academic advising followed by the authors of four of the most innovative and successful programs of academic advising in the nation

Maxwell, Ann E. Person, 2017-01-19 Community colleges face pressure to do more with less that have prompted many college leaders to consider fundamental changes to the ways they have typically done business Because piecemeal solutions have not often been effective or efficient colleges are moving far beyond discreet programs or interventions and are attempting to implement comprehensive reform efforts This volume conceptualizes comprehensive reform as being marked by a focus on student success a theory of change that ties programmatic components together in an intentional and cohesive package implemented at multiple levels throughout the college and touching the majority of students and a culture of evidence that uses data to continuously assess programs and processes against student success Presenting original analyses that describe the rationale for comprehensive reform this volume examines the challenges involved in implementing evaluating and sustaining those efforts This is the 176th volume of this Jossey Bass quarterly report series Essential to the professional libraries of presidents vice presidents deans and other leaders in today s open door institutions New Directions for Community Colleges provides expert guidance in meeting the challenges of their distinctive and expanding educational mission *Adapting to Online and Blended Learning in Higher Education* David Kember, Robert A. Ellis, Si Fan, Allison Trimble, 2023-05-19 Higher education has undergone a massive transformation in teaching and learning in a very short period of time since the onset of Covid 19 Students teachers and universities have had to adopt online and blended learning often with little or no experience or models of good practice to draw upon It is clear that blended and online learning are here to stay This book draws on research from universities that have adopted online and blended learning to facilitate the expansion and diversification of their intake which resulted in considerable experience and expertise in online and blended teaching The book describes a model tested with qualitative and quantitative data which shows how teachers can support the retention and success of online and blended learners with four high quality pedagogical elements bite sized videos of interest and relevance learning materials that are well organised and provide a clear learning roadmap discussion forums which are set up and moderated so as to result in lively student student and student teacher interaction and online teachers being approachable and responsive to communication with individual students through email phone and online communication platforms This model is explained and profusely illustrated with examples from the teaching of award winning teachers This book introduces the concept of a spectrum from traditional to contemporary models of admission and course delivery in higher education It explains how universities which have adopted a contemporary model with high levels of blended and online learning have been able to expand their intake and markedly diversify the student body It discusses how to support the retention and success of online and blended learners Student support services are examined from the perspectives of service providers and online and blended learners and the case is made for support services being aligned with student

needs The book has a discussion of university management systems which utilise feedback at all levels to improve alignment between support service provision and student needs

Diversifying the Teaching Force in Transnational Contexts

Clea Schmidt,Jens Schneider,2016-10-26 Diversifying the teaching force has become a priority in many migrant receiving jurisdictions worldwide with the growing mismatch between the ethnic backgrounds cultures languages and religions of teachers and those of students and families Arguments for diversification tend to be couched in terms of disproportionate representation and students from minority backgrounds needing positive role models yet research identifies other compelling reasons for diversification including the fact that teachers of migrant backgrounds often possess outstanding qualifications when multilingualism and internationally obtained education and experience are taken into account and the fact that all students including majority background students benefit from a diversity of role models in schools Nevertheless the process of diversification is fraught with complexity Depending on the context systemic discrimination an oversupply of teachers in the profession generally and outdated hiring policies and practices can all impede efforts to diversify the teaching force This volume comprises original research from Canada the U S Germany Ireland Scotland and England that problematizes issues of diversifying the teaching force and identifies promising practices A foreword written by Charlene Bearhead of the National Centre for Truth and Reconciliation questions the very purpose of education in and for diverse societies An introduction written by the editors defines key concepts and establishes a rationale for diversifying the teaching force in migrant receiving contexts Following this key international scholars offer empirical perspectives using a range of methodologies and theories rooted in critical social science paradigms The volume informs future research programming and policy development in this area

Women Rapping Revolution Rebekah Farrugia,Kellie D. Hay,2020-05-12 Detroit MIchigan has long been recognized as a center of musical innovation and social change Rebekah Farrugia and Kellie D Hay draw on seven years of fieldwork to

illuminate the important role that women have played in mobilizing a grassroots response to political and social pressures at the heart of Detroit's ongoing renewal and development project. Focusing on the Foundation, a women-centered hip hop collective, Women Rapping Revolution argues that the hip hop underground is a crucial site where Black women shape subjectivity and claim self-care as a principle of community organizing. Through interviews and sustained critical engagement with artists and activists, this study also articulates the substantial role of cultural production in social, racial, and economic justice efforts.
