International Yearbook of Education ,1968 Content of yearbooks originates in the sessions of the International Conference on Education ICE **MOBILITY MINING IN MOVING OBJECT TRAJECTORIES** Dr. Sajimon Abraham, Dr. P Sojan Lal and Dr. Dais George,2018-06-09 Spatial and temporal properties are key aspects of many data analysis problems in business government and science GPS technology is quickly enabling a number of new applications including tracking fleets of vehicles navigating boats and ships pedestrian s tracking and tracking of wildlife Another popular application of this technology is in cellular phones with embedded GPS sensors for vehicle and pedestrian s tracking Through the availability of cheap sensor devices we have witnessed an exponential growth of geo tagged data in the last few years resulting in the availability of fine grained spatial data at small temporal sampling intervals Therefore the actual challenge in spatio temporal analysis is moving from acquiring the right data towards large scale analysis of the available data As this multidimensional data add more complexities in storing indexing and querying efficient methodologies have to be derived to manage these data using existing data base technology **Accelerating India's Development** Karthik Muralidharan,2024-03-28 Seventy five years after Independence India has much to be proud of We are both the world s biggest democracy and fastest growing large economy Yet we face profound challenges that hinder both individual well being and aggregate growth including education and skills health and nutrition public safety justice social protection and jobs This seminal book systematically

analyses India's governance challenges especially in delivering essential public services and highlights how these are limiting India's development. Drawing on a wealth of research and practical insights, it provides actionable evidence-based strategies emphasizing state-level reforms as critical for India's advancement. *Accelerating India's Development* is addressed to all Indians, leaders, officials, entrepreneurs, teachers, students, citizens, and civil society, and provides an urgent call to action. It argues that building an effective state is the great unfinished task of Indian democracy because quality public services are key to translating the political equality of One Person One Vote into greater equality of opportunity for all Indians. Every chapter showcases the author's dedication to bridging the gap between scholarly research, public understanding, and actionable governance. This book is a testament to cautious optimism and the belief that with the right public systems in place, India's next twenty-five years can be a period of unprecedented growth and societal enrichment. *Applied Mechanics Reviews*, 1986
