Mesquite Gary Paul Nabhan, 2018 Winner of a 2019 Southwest Book Award BRLA An homage to the useful and idiosyncratic mesquite tree In his latest book Mesquite Gary Paul Nabhan employs humor and contemplative reflection to convince readers that they have never really glimpsed the essence of what he calls arboreality As a Franciscan brother and ethnobotanist who has often mixed mirth with earth laughter with landscape food with frolic Nabhan now takes on a large many branched question What does it mean to be a tree or accordingly to be in a deep and intimate relationship with one To answer this question Nabhan does not disappear into a forest but exposes himself to some of the most austere hyper arid terrain on the planet the Sonoran and Chihuahuan deserts along the US Mexico border where even the most ancient perennial plants are not tall and thin but stunted and squat There in desert regions that cover more than a third of our continent mesquite trees have become the staff of life not just for indigenous cultures but for myriad creatures many of which respond to these nurse plants in wildly intelligent and symbiotic ways In this landscape where Nabhan claims that nearly every surviving being either sticks stinks stings or sings he finds more lives thriving than you could ever shake a stick at As he weaves his arid yarns we suddenly realize that our normal view of the world has been turned on its head where we once saw scarcity there is abundance where we once perceived severity there is whimsy Desert cultures that we once assumed lived in food deserts are secretly savoring a most delicious world Drawing on his half century

of immersion in desert ethnobotany ecology linguistics agroforestry and eco gastronomy Nabhan opens up for us a hidden world that we had never glimpsed before Along the way he explores the sensuous reality surrounding this most useful and generous tree Mesquite is a book that will delight mystics and foresters naturalists and foodies It combines cutting edge science with a generous sprinkling of humor and folk wisdom even including traditional recipes for cooking with mesquite
