OECD Public Governance Reviews Brazil's Federal Court of Accounts Insight and Foresight for Better Governance

OECD,2017-08-07 This report suggests concrete steps Brazil's Federal Court of Accounts can take to adapt its own strategies approaches and audit programming to provide valuable insight and foresight to policy makers in the centre of government

A Clinical Guide for Contraception Leon Speroff, Philip D. Darney, 2011 The thoroughly updated Fifth Edition of this practical handbook provides the essential information that clinicians and patients need to choose the best contraceptive method for the patient's age and medical social and personal characteristics Speroff & Darney's Clinical Guide to

Contraception Jeffrey Jensen, Mitchell Creinin, 2019-11-04 Practical authoritative and up to date Speroff Darney's Clinical Guide to Contraception 6th Edition provides concise coverage of all of today's available contraceptive options Under the leadership of new editors Jeffrey T Jensen MD MPH and Mitchell Creinin MD this well regarded clinical reference remains a thorough evidence based and readable resource for OB GYNs family planning specialists primary care providers and other healthcare providers Trainer's Guide United States. Department of the Army, 1982 **Handbook of Correctional**

Mental Health Charles L. Scott, 2009-10-06 Clinicians who work on the frontlines of correctional mental health know that the challenges are only increasing Not only is the proportion of inmates with mental disorders growing at a rate that exceeds that of the correctional population as a whole but this group is expanding at both ends of the aging continuum so that increasing numbers of both geriatric and juvenile offenders require assessment and treatment Changing patient demographics and evolving treatment modalities make it essential that psychiatrists psychologists social workers nurses and other professionals who serve the prison population have access to the most practical up to date and comprehensive resource Handbook of Correctional Mental Health now in an expanded second edition is that resource This book addresses key concepts to ensure that the reader meets the current standard of care for inmates through all phases of the criminal justice system In 20 state of the art chapters nationally recognized providers and correctional mental health experts address the most pressing issues facing clinicians Unique to this edition the Handbook Summarizes the literature regarding unique populations observed in a correctional environment thereby assisting the provider in tailoring treatment to various target populations Provides a clear overview of both malpractice law and the concept of deliberate indifference that aids the reader in understanding the legal requirements for providing care and minimizing risks of lawsuits Educates clinicians on how to differentiate feigned versus legitimate mental health symptoms and how to understand and interpret inmate motivations for psychiatric malingering Discusses important administrative aspects regarding documentation issues quality assurance and practicing under a consent decree Provides useful tables throughout the text with key summary points emphasized Includes five new clinically focused chapters on the assessment and treatment of inmates with substance use disorders geriatric offenders juvenile offenders inmates with self injurious behaviors offenders who have experienced various traumas during

their lives and inmates housed on maximum security units and death row Other titles in the field are either out of date or limited in scope By contrast this new edition of Handbook of Correctional Mental Health includes everything mental health professionals need to provide the highest standard of care to this growing and complex patient population **The**
