Synopsis

When Larisa Renaud starts receiving eerie phone calls on a disconnected old phone in her family's antique shop, she just knows she's in for a strange summer. A series of clues leads her to the muddy riverbank, where clouds of fireflies dance among the cypress knees and cattails each evening at twilight. The fireflies are beautiful and mysterious, and they take Larissa on a magical journey through time, where she learns the secrets of her family's tragic past—deadly, curse-ridden secrets that could endanger the future of her family as she knows it. And when her mother suddenly disappears, it becomes clear that it is up to Larissa to prevent history from repeating itself, and a fatal tragedy from striking the people she loves.

Fantastic Reviews!

"Little's strengths lie in building a strong sense of the history of a place, its inhabitants, and how one can greatly affect the other. A satisfyingly creepy mystery, wrapped up in the bonds of family."
—Publisher's Weekly

"Haunting, well-constructed tale . . . A plot filled with suspense, adventure, and mystery. Perfect choice for lovers of ghost stories, historical fiction, or just a good yarn."
—School Library Journal

"Suspense builds quickly and doesn't falter . . . Larissa's first-person narration is fresh and engaging, and the richly evoked south Louisiana setting serves to ground this ethereal tale in a real time and place while contributing to the mysterious mood it requires."
—Kirkus Reviews

Pre-Reading/Prediction Questions

- Where is the girl on the front cover? Does it look magical or scary to you? Why?
- What can you tell about the girl whose picture is on the cover? How old do you think she is? Why do you think there are fireflies all around her?
- In this story, the main character lives in an antique shop. Have you ever been to an antique shop before? What kinds of things do they have at an antique shop?
- Because this book has a lot of fireflies in it, start a KWL chart about fireflies (What Do I Know; What Do I Want to Know; What Did I Learn). Fill in the K and W columns with the students. Add any important details not mentioned such as: Fireflies are winged beetles. They are called fireflies or lightning bugs because they emit light in either yellow, green, or a pale red color from their abdomen to attract a mate. The light is produced through a chemical reaction called bioluminescence. Most live in wet, wooded, and warmer climates all over the world. As you read the book and/or at the conclusion, fill in the L column with anything the students learned about fireflies.
