One-Tier and Multi-Tier Study Guide

Introduction to Timelines

A timeline is a feature that we find in non-fiction text. It is a text feature that helps us as readers to place important dates in order. A timeline puts events in sequential order in a visual way and it allows us to more easily see the order of events that occur. Timelines can be used to show past events, or they can be used to give a rough draft of what the future might hold.

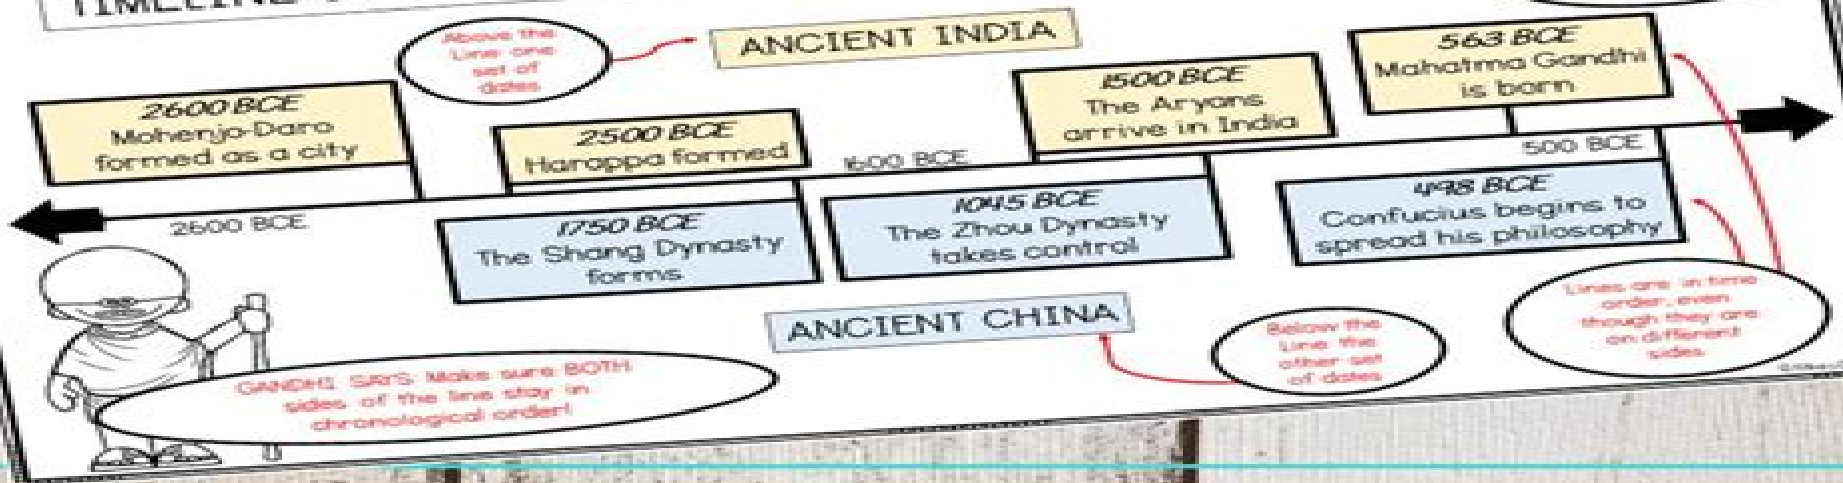

Timeline Conventions

- BC (Before Christ) and AD (After Death) were originally used as the timeline designations.
- BCE (Before Common Era) and CE (Common Era) were developed for people who did not want to use religious terms in their timelines.
