**Teaching with Authority** Richard R. Gaillardetz, 1997 This book faithfully represents the teaching of Roman Catholicism on the Church's doctrinal authority while pointing to areas where there remains a gap between an ecclesiological vision of the Church informed by Vatican II and the popular understanding and concrete exercise of that authority in the life of the Church today

**Magisterium** Francis A. Sullivan SJ, 2002-09-30 A striking series of events of the past two decades have tended to raise questions about the exercise of teaching authority in the Catholic Church The Second Vatican Council the Encyclical *Humanae Vitae* the controversy over Hans Kung's book on infallibility and the subsequent declaration of Rome that he could no longer teach as a Catholic theologian the colloquium to which Edward Schillebeeckx was summoned by the Vatican the pastoral letter of the American bishops on the question of nuclear warfare have all stimulated a lively discussion of the claims of the Catholic hierarchy to authoritative magisterium With all the abundance of literature on the subject a book was still needed that would offer an up to date systematic presentation of Catholic thinking about the nature and function of this magisterium This is what the present volume sets out to provide It takes as its point of departure the belief which a great many Christians besides Catholics share namely that the Church of Christ is maintained in the truth of the Gospel by the Holy Spirit It then examines the various ministries by which the Gospel has been handed on and interpreted for each generation of believers looking especially to the role of the bishops and among them of the Bishop of Rome in settling disputes about the faith Questions concerning papal infallibility the response called for by papal encyclicals the critical role of Catholic theologians vis a vis the magisterium are treated in the light of current theological literature with the non specialist reader in mind

**By What Authority?** Richard R. Gaillardetz, 2017-06-07 Authority is exercised in many ways and forms in the Catholic Church today By What Authority offers a helpful introduction to the forms of Church authority that are concerned with authentic Christian belief Gaillardetz G l r d explains what it means to say that the Bible is inspired how Scripture and tradition are related to one another the role of the Pope and bishops in preserving the Christian faith the levels of Church teaching authority how to deal with disagreements with Church teaching the distinctive role of the theologians and the contribution of all the baptized in the formation of Church teaching This book introduces readers to a basic understanding of the nature and exercise of authority in the Catholic Church as understood within the Vision of the Church offered by the Second Vatican Council The chapters conclude by outlining disputed issues regarding the topic of that chapter and a select list of opportunities for further reading Chapters in Part One The Authority of Scripture and Tradition are What Does It Mean to Say the Bible is Inspired What Is the Canon of the Bible and What Is the Relationship Between Scripture and Tradition Chapters in Part Two The Authority of Church Teaching and the Church's Teaching Office are How Do We Understand the Magisterium Today How Do the Pope and Bishops Exercise Their Teaching Authority and What Is Dogma and Doctrine Chapters in Part Three The Authority of the Believer and the Believing Community are What Is the Sense of the Faithful Is

There a Place for Disagreement in the Catholic Church and What Is the Proper Relationship Between the Magisterium and Theologians      **Magisterium** Francis A. Boyle, 1995 Boyle presents here the first book length study that traces the historical and theological developments that produced official statements by the church about its own teaching authority and the assent owed to it especially in the nineteenth and twentieth centuries      By what Authority? Richard R. Gaillardetz, 2018 Few topics are as important or as controversial as the proper role and exercise of authority in the Roman Catholic Church Inspired by Pope Francis s bold rereading and determined implementation of the teaching of Vatican II Richard Gaillardetz has completely revised and expanded his book By What Authority It offers a helpful introduction to the nature and forms of church authority and their relationship to authentic Christian belief and discipleship Gaillardetz offers theologically clear and pastorally insightful considerations of the character of divine revelation the authority of Scripture and tradition the role of the pope and bishops in preserving the Christian faith the levels of church teaching authority the central faith witness of all the baptized the possibility of disagreements with church teaching and the proper relationship between theologians the magisterium and the whole people of God the authority of the believing community and the controversial questions that arise when there are conflicting interpretations of church teaching      *The Teaching Authority of Believers* Johann Baptist Metz, Edward Schillebeeckx, 1985 Concilium has long been a household name for cutting edge critical and constructive theological thinking Past contributors include leading Catholic scholars such as Hans K ng Gregory Baum and Edward Schillebeeckx and the editors of the review belong to the international who s who in the world of contemporary theology Published five times a year each issue reflects a deep knowledge and scholarship presented in a highly readable style and

each issue offers a wide variety of viewpoints from leading thinkers from all over the world     By What Authority? Richard R. Sixty Years of Moral Theology Curran, Charles E., 2020 Following the model of the previous volumes Charles Curran has gathered here fourteen articles relating to three areas in moral theology I Vatican II and Its Aftermath II *Humane Vitae* and Its Aftermath III Subsequent Developments     *Magisterium* Francis Alfred Sullivan, 1983     **The Edward Robinson Chair of Biblical Theology in the Union Theological Seminary, New York, 1891**     **The Collected Works of Edward Schillebeeckx Volume 10** Edward Schillebeeckx, 2014-09-25 This book was originally planned as the ecclesiological third part of Schillebeeckx's Jesus trilogy It indeed concludes his thinking about the relevance of the living Jesus through history but with a different approach than originally intended By the end of the 20th century many believers have left the unworldly super naturalistic preconciliar church behind Those who leave the church often leave a church that claims to be the direct mediator of God's will However the church is not a flawless gift from heaven It is the vulnerable work of human beings which tries to find accurate ways to comply to the heart of the gospel message In a time that is characterized by polarization in the church Schillebeeckx does not forget to look at the unprecedented and authentic flourishing of the gospel This book therefore contains the testimony of a theologian who tried during the course of his life to describe what God can mean for people today     **When the Magisterium Intervenes** Richard R. Gaillardetz, 2012     An Introduction to Catholic Theology Richard Lennan, 1998 What is Catholic theology In order to reach an answer the authors use various definitions of theology to identify the principal elements of the discipline elements that include the human person faith the scriptures philosophy morality and everyday human experience The authors also provide examples from the history of theology to highlight the dynamic nature of Catholic theology and its evolution in a variety of cultural and historical settings BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved     **Historical Development of Fundamental Moral Theology in the United States, The** Charles E. Curran, Richard A. McCormick, SJ, 1999 Sketches the development of fundamental moral theology in the U S and then uses original sources to document the significant changes that have

occurred in the discipline as well as the primary issues in Catholic moral theology today Religions of Authority and the Religion of the Spirit Auguste Sabatier, 1904 *Authority in the Roman Catholic Church* Bernard Hoose, 2017-03-02 How did the present authority structures within the Church come into existence How if at all can we justify their existence What form of authority should exist in the Church These and other related questions exercise the minds of many Christians in these days when the very notion of authority is questioned but debate about them is perhaps nowhere more lively than within the ranks of Roman Catholicism This book offers an important contribution to such debate within that church Leading Catholic theologians from both sides of the Atlantic take up the key issues analysing the concept of authority and governance examining the history of authority within the Roman Catholic church discussing who should have a say in future developments exploring ecumenical dimensions with particular reference to Anglicanism and the Orthodox churches and suggesting the kind of reforms that might be prudent as well as ways in which such reforms might be brought about The book will prove of interest to many Roman Catholics but given the ecumenical impact of many of the issues explored it is likely to exert a wide appeal far beyond the confines of that church **Catholic Moral Theology in the United States** Charles E. Curran, 2008-04-11 In this magisterial volume Charles E Curran surveys the historical development of Catholic moral theology in the United States from its 19th century roots to the present day He begins by tracing the development of pre Vatican II moral theology that with the exception of social ethics had the limited purpose of training future confessors to know what actions are sinful and the degree of sinfulness Curran then explores and illuminates the post Vatican II era with chapters on the effect of the Council on the scope and substance of moral theology the impact of *Humanae vitae* Pope Paul VI s encyclical condemning artificial contraception fundamental moral theology sexuality and marriage bioethics and social ethics Curran s perspective is unique For nearly 50 years he has been a major influence on the development of the field and has witnessed first hand the dramatic increase in the number and diversity of moral theologians in the academy and the Church No one is more qualified to write this first and only comprehensive history of Catholic moral theology in the United States T&T Clark Handbook of Edward Schillebeeckx Stephan van Erp, Daniel Minch, 2019-09-05 Written by leading experts on both the thought of Edward Schillebeeckx and modern theology this handbook offers the first comprehensive study of the historical philosophical political and theological aspects of Schillebeeckx s work As one of the most influential Catholic theologians of the twentieth century he played a key role in the preparations for the theological revolution of the Second Vatican Council and the debates of the post conciliar era His engagement with critical theory hermeneutics and biblical scholarship culminated in his groundbreaking Christological trilogy which marked Schillebeeckx as one of the most significant and innovative thinkers of his time By building an overview of recent research into Schillebeeckx s writing the contributors shed new light on his influence and ongoing relevance in contemporary theology Beginning with the roots of Schillebeeckx s views on metaphysics spirituality and faith the essays then move to his work during and after the Second

Vatican Council and then to his engagement with new directions in philosophy and his renewal of classical topics such as creation theological and soteriological anthropology and eschatology Culminating with an analysis of theology and culture this handbook thoroughly explores the implications of Schillebeeckx s theology for a contemporary readership
