are crucial in today's educational landscape. A new special element, Critical Perspective on Teaching and Learning, helps future and current teachers understand the importance of critical analysis and equity issues in all aspects of teaching and learning, including the learning context, the student body, the curriculum, and what and how content is taught. This new edition also features expanded instructor ancillaries. This comprehensive text covers what future teachers need to know about teaching K-12 physical education, offering a flexible, individualized approach to enhance student learning and acquisition of skills. As readers work their way through the text, they can acquire the following: A strong working knowledge of standards and standards-based learning outcomes that will help students achieve those outcomes; The ability to plan for learning in both the short and long term; The management and teaching skills they need to ensure an equitable environment that fosters student learning in the psychomotor, cognitive, and affective domains for all students; The means to assess student learning and program effectiveness. To assist students using the text, the second edition of *The Essentials of Teaching Physical Education* has related online learning activities delivered through HKPropel. This includes supplemental activities for each chapter and key figures from the text. With advice, tips, and success stories from top physical educators, *The Essentials of Teaching Physical Education* offers readers an inside look at how to motivate students while focusing on what teachers really need to know to succeed. It delivers practical and essential information and guidance on the most relevant topics for today's physical educators, including physical literacy, accountability, social justice, social emotional learning, and trauma-informed practices. The authors take everything a physical educator needs to know to succeed and found here, delivered in a straightforward and highly readable manner.
