Voyeur At My Window English Edition:

Natural History Dan Chiasson, 2009-04-02 Dan Chiasson hailed as one of the most gifted poets of his generation upon the appearance of his first book takes inspiration for his stunning new collection from the *Historia Naturalis* of Pliny the Elder What happens next you won't believe Chiasson writes in *From the Life of Gorky* and it is fair warning This collection suggests that a person is like a world full of mysteries and wonders and equally in need of an encyclopedia a compendium of everything known The long title sequence offers entries such as *The Sun* There is one mind in all of us one soul who parches the soil in some nations but in others hides perpetually behind a veil *The Elephant* How to explain my heroic courtesy *The Pigeon* Once startled you shall feel hours of weird sadness afterwards and Randall Jarrell If language hurts you make the damage real The mysteriously emotional individual poems coalesce as a group to suggest that our natural world is populated not just by fascinating creatures who in any case are metaphors for the human as Chiasson considers them but also by literature by the ghosts of past poetries by our personal ghosts Toward the end of the sequence one poem asks simply *Which Species on Earth Is Saddest* a question this book seems poised to answer But Chiasson is not finally defeated by the sorrows and disappointments that maturity brings Combining a classic often heartbreaking musical line with a playful fresh attack on the standard materials of poetry he makes even our sadness beguiling and beautiful **Hitchcock's Romantic Irony**

Richard Allen, 2007 Is Hitchcock a superficial though brilliant entertainer or a moralist Do his films celebrate the ideal of romantic love or subvert it In a new interpretation of the director's work Richard Allen argues that Hitchcock orchestrates the narrative and stylistic idioms of popular cinema to at once celebrate and subvert the ideal of romance and to forge a distinctive worldview the amoral outlook of the romantic ironist or aesthete He describes in detail how Hitchcock's characteristic tone is achieved through a titillating combination of suspense and black humor that subverts the moral framework of the romantic thriller and a meticulous approach to visual style that articulates the lure of human perversity even as the ideal of romance is being deliriously affirmed Discussing more than thirty films from the director's English and American periods Allen explores the filmmaker's adoption of the idioms of late romanticism his orchestration of narrative point of view and suspense and his distinctive visual strategies of aestheticism and expressionism and surrealism
