

NEW

▲ Step-up

- 1/6" Advanced HAD™ CCD Imager, 680K Pixels Gross
1/6" Advanced HAD™ (Hole Accumulation Diode) CCD with 340K (effective) pixels provides stunning detail and clarity with exceptional video (up to 500 lines of horizontal resolution) and still image performance.
- MiniDV Recording
Offers up to 500 lines of horizontal resolution, 3X the color bandwidth and a significantly higher signal-to-noise ratio, to provide spectacular video performance.
- ▲ 40X Optical/2000X Digital Zoom
The optical zoom helps to bring the action close up from far away. In addition, the Digital Zoom interpolation means that extreme digital zooming is cleaner, with less distortion than previous types of digital zooms.
- Professional Quality Carl Zeiss® Vario-Tessar® Lens
Carl Zeiss lenses have an advanced optical multi-layer coating that offers less glare and flare with increased contrast. This results in vivid image brilliance, true-to-life color saturation and perfect renditions of subtle tones.
- ▲ Super SteadyShot® Picture Stabilization System
Picture stabilization system that uses motion sensors to detect and compensate for camera "shake" without compromising picture quality like some other digital stabilization systems.
- 2.5" Touch Panel SelfieScreen™ LCD Display* (123K Pixels)
Provides excellent viewing clarity with improved resolution. The high resolution 123K pixel LCD screen rotates up to 270 degrees for multiple viewing angles, providing sharp, detailed images for monitoring or playback.
- ▲ USB Streaming¹⁾
Stay connected to family and friends by broadcasting live video with audio over the Internet using the USB interface. You can even playback your favorite recorded scene on the camcorder's tape. It's like having your own video conferencing system²⁾.
- iLINK® DV Interface³⁾
A digital high-speed bi-directional interface which provides Audio/Video communication between two compatible devices. This connection allows for pure digital transfer between devices equipped with an IEEE1394 interface, such as camcorders, digital VTRs, capture cards and PCs.
- InfoLITHIUM® Battery with AccuPower™ Meter System
Charge the battery at anytime because unlike NiCd (Nickel Cadmium) batteries, Sony's rechargeable Lithium Ion Batteries are not subject to a life shortening "memory effect". Sony's exclusive AccuPower™ meter displays the battery time remaining in minutes, in either the viewfinder or on the LCD screen.
- NightShot® Plus Infrared System
With Sony's NightShot Plus Infrared System you can capture natural looking video, even when shooting in low light. Record subjects up to 30 feet away using the built-in infrared system, but without the overall monochrome color common with earlier low-light recording systems.
- Manual Focus
Allows the user to manually adjust the focus of the camcorder using the touch panel. Manual focusing also allows the user to control the focus in difficult situations where either the environment or the subject does not allow the camcorder's auto focus to perform optimally, such as when shooting through a window or in a crowded environment.
- ▲ On Screen Zoom and Record Controls
For additional control of the camcorder, the DCR-HC 38 features Zoom and Record buttons on the frame of the LCD screen. This allows the user more flexibility when holding the camcorder, especially in overhead or low angle shots.
- Stamina® Battery Power Management System
Using the optional NP-FH1000 InfoLITHIUM® Battery, the DCR-HC 38 can continuously record for up to 14 hours (viewfinder) or up to 12 hours (LCD) on a single full charge, providing extra long battery life⁴⁾.
- Scene Selection Modes
Scene Selection modes make recording easy even when filming in challenging situations. Choose from Beach, Candle, Fireworks, Landscapes, Portrait, Sports, Sunset, Spotlight, and Sunrise & Sunset.
- Picture Effects
Get creative when recording or playing back your videos with Sony's Picture Effect Modes. Effects available in Camera mode: Mosaic and Pixel. Effect is available in Playback mode: Monochrome, Negative Art, Sepia and Solarize.
- Easy Handycam Button
Using a camcorder can be intimidating for some people, so with a press of the Easy Handycam button, most of the advanced features of the camcorder are "locked out" leaving only the buttons essential for recording operational.
