Value Creation for Owners and Directors Massimo Massa, Kai Taraporevala, Ludo Van der Heyden, 2023-05-10 This book deals with a much understudied and poorly understood aspect of business the role of owners and boards in value creation While there is abundant guidance on value creation for publicly listed firms and their managers the role played by owners and their corporate directors in value creation and governance has been overlooked This book aims to fill that gap The first part deals with the mission and the values and rules pertaining to the governance of the business These structural elements are fundamental for owners to get right as they pave the way to value creation or its opposite They refer to WHAT owners have to do Another element is the

formation of the three boards that govern owner led firms the owners board the board of directors and the management board The second part addresses the relational elements that owners must master to effectively manage the social and emotional dynamics in their enterprise It deals with the HOW of ownership namely the leadership process that lies at the heart of board work This process ensures alignment across the three boards and also with stakeholders that is vital to realizing owners value creating aims Thirdly the book explores the histories defining experiences and talents that define owners and shape their enterprise It concerns the WHOM namely the identities of owners It explores the diversity of ownership styles and identifies the critical personal transitions owners must make in their leadership quest This book offers a practical guide for business aiming for value creation It also should be of interest to directors and executives of all firms with identifiable ownership such as entrepreneurial family state owned and private equity firms *HWM*, 2007-04 Singapore's leading tech magazine gives its readers the power to decide with its informative articles and in depth reviews **The Hitchhiker's Guide to Going Mobile** Arthur Goldstuck, 2006 The Hitchhiker's Guide to Going Wireless quickly established itself as the essential guide to mobile technology in South Africa Going Mobile starts where Wireless left off and shows how the vision for the future is becoming a reality today Wireless talked about the future high speed wireless technology called WiMax and already WiMax services are being offered commercially The future is rushing up on us so fast that the time for a new edition of the Hitchhiker's Guide is now As in Wireless we ask the critical questions What does it all mean Where is it all going How do ordinary people tap into this communication revolution Here is a guide that once again catches the wave of interest and activity that taps into the buzz and also sets the mobile agenda for ordinary people and businesses throughout South Africa Plunkett's Infotech Industry Almanac 2006: The Only Complete Guide to the Technologies and Companies Changing the Way the World Thinks, Works and Sheds Jack W.
