Martin, Marilyn Yaquinto, 2007-07-16 DIVA collection of seminal essays that examines the arguments in favor of the redress movement in the United States div **Keeping the Republic** Christine Barbour, Gerald C. Wright, 2023-01-20 Keeping the Republic Eleventh Edition gives students the power to examine the narrative of what s going on in American politics distinguish fact from fiction and balance from bias and influence the message through informed citizenship Christine Barbour and Gerald C Wright draw students into the study of American politics showing them how to think critically about who gets what and how while exploring the twin themes of power and citizenship With students living through one of the most challenging periods in American life this text is a much needed resource to help them make sense of politics in America today and become savvy consumers of political information 48 Liberal Lies About American History Larry Schweikart, 2008-09-04 A historian debunks four dozen PC myths about our nation s past Over the last forty years history textbooks have become more and more politically correct and distorted about our country s past argues professor Larry Schweikart The result he says is that students graduate from high school and even college with twisted beliefs about economics foreign policy war religion race relations and many other subjects As he did in his popular A Patriot s History of the United States Professor Schweikart corrects liberal bias by rediscovering facts that were once widely known He challenges distorted books by name and debunks forty eight common myths A sample The founders wanted to create a wall of separation between church and state Lincoln issued the Emancipation Proclamation only because he needed black soldiers Truman ordered the bombing of Hiroshima to intimidate the Soviets with atomic diplomacy Mikhail Gorbachev not Ronald Reagan was responsible for ending the Cold War America s past though not perfect is far more admirable than you were probably taught *Children's Books in Print, 2007* ,2006 In Defense of Internment Michelle Malkin, 2004-07-01 The author of Invasion argues that the internment of ethnic Japanese during World War II was the result of real national security concerns just as the Bush administration s moves to interrogate track and deport suspected terrorists is moderate and restrained **Differentiation in Practice: A Resource Guide for Differentiating**

Curriculum, Grades 9-12 Carol Ann Tomlinson, Cindy A. Strickland, 2005-08-15 Join Carol Ann Tomlinson and Cindy A Strickland in the continuing exploration of how real teachers incorporate differentiation principles and strategies throughout an entire instructional unit Focusing on the high school grades but applicable at all levels *Differentiation in Practice* Grades 9 12 will teach anyone interested in designing and implementing differentiated curriculum how to do so or how to do so more effectively Inside you ll find Annotated lesson plans for differentiated units in English mathematics history science art and world languages Samples of differentiated product assignments learning contracts rubrics and homework handouts An overview of the non negotiables in differentiated classrooms and guidelines for using the book as a learning tool An extended glossary and recommended readings for further exploration of key ideas and strategies Each unit highlights underlying standards delineates learning goals and takes you step by step through the instructional process Unit developers provide running commentary on their use of flexible grouping and pacing tiered assignments and assessments and numerous other strategies The models and insight presented will inform your own differentiation efforts and help you meet the challenge of mixed ability classrooms with academically responsive curriculum appropriate for all learners *Andersonvilles of the North* James Massie Gillispie, 2008 *Andersonvilles of the North* by James M Gillispie represents the first broad study to argue that the image of Union prison officials as negligent and cruel to Confederate prisoners is severely flawed This study is not an attempt to whitewash Union prison policies or make light of Confederate prisoner mortality But once the careful reader disregards unreliable postwar polemics and focuses exclusively on the more reliable wartime records and documents from both Northern and Southern sources then a much different less negative picture of Northern prison life emerges While life in Northern prisons was difficult and potentially deadly no evidence exists of a conspiracy to neglect or mistreat Southern captives Confederate prisoners suffering and death were due to a number of factors but it would seem that Yankee apathy and malice were rarely among them **BOOK JACKET** **A Consumers' Republic** Lizabeth Cohen, 2008-12-24 In this signal work of history Bancroft Prize winner and Pulitzer Prize finalist Lizabeth Cohen shows how the pursuit of prosperity after World War II fueled our pervasive consumer mentality and transformed American life Trumpeted as a means to promote the general welfare mass consumption quickly outgrew its economic objectives and became synonymous with patriotism social equality and the American Dream Material goods came to embody the promise of America and the power of consumers to purchase everything from vacuum cleaners to convertibles gave rise to the power of citizens to purchase political influence and effect social change Yet despite undeniable successes and unprecedented affluence mass consumption also fostered economic inequality and the fracturing of society along gender class and racial lines In charting the complex legacy of our Consumers Republic Lizabeth Cohen has written a bold encompassing and profoundly influential book [Does God Make a Difference?](#) Warren Nord, 2010-11-10 Most public schools avoid teaching their students about religion and university students must enroll in religious studies courses in order to learn about it Warren Nord shows that these practices are not

religiously neutral in fact they border on secular indoctrination Nord uses an examination of textbooks to make a case for the study of religion in schools and universities and explains how such study came to be neglected He puts forward a number of arguments for taking religion seriously in the curriculum most importantly that a liberal education and critical thinking require it

[Her Neighbor's Wife](#) Lauren Jae Gutterman,2019-10-04 At first glance Barbara Kalish fit the stereotype of a 1950s wife and mother Married at eighteen Barbara lived with her husband and two daughters in a California suburb where she was president of the Parent Teacher Association At a PTA training conference in San Francisco Barbara met Pearl another PTA president who also had two children and happened to live only a few blocks away from her To Barbara Pearl was the most gorgeous woman in the world and the two began an affair that lasted over a decade Through interviews diaries memoirs and letters *Her Neighbor's Wife* traces the stories of hundreds of women like Barbara Kalish who struggled to balance marriage and same sex desire in the postwar United States In doing so Lauren Jae Gutterman draws our attention away from the postwar landscape of urban gay bars and into the homes of married women who tended to engage in affairs with wives and mothers they met in the context of their daily lives through work at church or in their neighborhoods In the late 1960s and 1970s the lesbian feminist movement and the no fault divorce revolution transformed the lives of wives who desired women Women could now choose to divorce their husbands in order to lead openly lesbian or bisexual lives increasingly however these women were confronted by hostile state discrimination typically in legal battles over child custody Well into the 1980s many women remained ambivalent about divorce and resistant to labeling themselves as lesbian therefore complicating a simple interpretation of their lives and relationship choices By revealing the extent to which marriage has historically permitted space for wives relationships with other women *Her Neighbor's Wife* calls into question the presumed straightness of traditional American marriage

[A Patriot's History of the United States](#) Larry Schweikart,Michael Allen,2014-11-25 For the past three decades many history professors have allowed their biases to distort the way America's past is taught These intellectuals have searched for instances of racism sexism and bigotry in our history while downplaying the greatness of America's patriots and the achievements of dead white men As a result more emphasis is placed on Harriet Tubman than on George Washington more about the internment of Japanese Americans during World War II than about D Day or Iwo Jima more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin *A Patriot's History of the United States* corrects those doctrinaire biases In this groundbreaking book America's discovery founding and development are reexamined with an appreciation for the elements of public virtue personal liberty and private property that make this nation uniquely successful This book offers a long overdue acknowledgment of America's true and proud history
