The Architecture Of David Lynch:

The Architecture of David Lynch Richard Martin, 2014-10-23 From the Red Room in Twin Peaks to Club Silencio in Mulholland Drive the work of David Lynch contains some of the most remarkable spaces in contemporary culture Richard Martin's compelling study is the first sustained critical assessment of the role architecture and design play in Lynch's films Martin combines original research at Lynchian locations in Los Angeles London and L dz with insights from architects including Adolf Loos Le Corbusier and Jean Nouvel and urban theorists such as Jane Jacobs and Edward Soja In analyzing the towns cities homes roads and stages found in Lynch's work Martin not only reveals their central importance for understanding this controversial and distinctive film maker but also suggests how Lynch's films can provide a deeper understanding of the places and spaces in which we live *David Lynch's American Dreamscape* Mike Miley, 2025-01-09 How are David Lynch's films as much in dialogue with literary and musical traditions as they are cinematic ones By interrogating this question David Lynch's American Dreamscape broadens the interpretive horizons of Lynch's filmography calling for a new approach to Lynch's films that goes beyond cinema and visual art to explore how Lynch's work engages with literary and musical works that have shaped the American imagination As much as Lynch stands as a singular artistic voice his work arises from and taps into the cultural zeitgeist in a way that illuminates not only his approach to creativity but also the way works interact with each other in an age of mass media From children's literature to teen tragedy ballads Nathanael West and Cormac McCarthy to folk music and mixtapes David Lynch's American Dreamscape investigates the cultural frequencies Lynch's films tune into and positions Lynch's work as a conduit for American popular culture a medium or channel through which the subconscious of American life finds its way into full view The book expands upon this approach by discussing how artists such as David Foster Wallace and Lana Del Rey graft Lynch's affiliative cinematic sensibility onto their own projects Reading their work as intertextual engagements with Lynch's films further illustrates the versatile interactions among creators and audiences to generate more works readers and readings Eraserhead Claire Henry, 2023-05-04 A surreal and darkly humorous vision David Lynch's Eraserhead 1977 has been recognised as a cult classic since its breakout success as a midnight movie in the late 1970s Claire Henry's study of the film takes us into its netherworld providing a detailed account of its production history its exhibition and reception and its elusive meanings Using original archival research she traces how Lynch took his nightmare of Philadelphia to the City of Dreams infusing his LA shot film with the industrial cityscapes and sounds of the Callowhill district Henry then engages with Eraserhead's irresistible inscrutability and advances a fresh interpretation reframing auteurism to centre Lynch's creative processes as a visual artist and Transcendental Meditation practitioner Finally she outlines how Lynch's dream of dark and troubling things became a model midnight movie and later grew in reputation and influence across broader film culture From the opening chapter on Eraserhead's famous baby to the final chapter on the film's tentacular influence Henry's compelling and authoritative

account offers illuminating new perspectives on the making and meaning of the film and its legacy Through an in depth analysis of the film s rich mise en sc ne cinematography sound and its embeddedness in visual art and screen culture Henry not only affirms the film s significance as Lynch s first feature but also advances a wider case for appreciating its status as a film classic

Agency and Imagination in the Films of David Lynch James D. Reid,Candace R. Craig,2019-12-13 Agency and Imagination in the Films of David Lynch Philosophical Perspectives offers a sustained philosophical interpretation of the filmmaker s work in light of classic and contemporary discussions of human agency and the complex relations between our capacity to act and our ability to imagine With the help of the pathological characters that so often leave their unforgettable mark on Lynch s films this book reveals several important ways in which human beings fail to achieve fuller embodiments of agency or seek substitute satisfactions in spaces of fantasy In keeping with Lynch s penchant for unconventional narrative techniques James D Reid and Candace R Craig explore the possibility scope and limits of the very idea of agency itself and what it might be like to renounce concepts of agency altogether in the interpretation and depiction of human life In a series of interlocking readings of eight feature length films and Twin Peaks The Return that combine suggestive philosophical analysis with close attention to cinematic detail Reid and Craig make a convincing case for the importance of David Lynch s work in the philosophical examination of agency the vagaries of the human imagination and the relevance of film for the philosophy of human action Scholars of film studies and philosophy will find this book particularly useful

David Lynch Justus Nieland,2012-04-15 A key figure in the ongoing legacy of modern cinema David Lynch designs environments for spectators transporting them to inner worlds built by mood texture and uneasy artifice We enter these famously cinematic interiors to be wrapped in plastic the fundamental substance of Lynch s work This volume revels in the weird dynamism of Lynch s plastic worlds Exploring the range of modern design idioms that inform Lynch s films and signature mise en sc ne Justus Nieland argues that plastic is at once a key architectural and interior design dynamic in Lynch s films an uncertain way of feeling essential to Lynch s art and the prime matter of Lynch s strange picture of the human organism Nieland s study offers striking new readings of Lynch s major works Eraserhead Blue Velvet Wild at Heart Mulholland Dr Inland Empire and his early experimental films placing Lynch s experimentalism within the aesthetic traditions of modernism and the avant garde the genres of melodrama film noir and art

Freud/Lynch Stefan Marianski, Jamie Ruers, 2022-09-29 The films of David Lynch are sometimes said to be unintelligible They confront us with strange dreamscapes populated with bizarre characters obscure symbols and an infuriating lack of narrative consistency Yet despite their opacity they hold us transfixed Lynch who once told an interviewer I love dream logic would surely agree with Sigmund Freud's famous claim that before the problem of the creative artist psychoanalysis must lay down its arms But what else might the two agree on Rather than presuming to fill in what Lynch leaves open by positing some forbidden psychosexual reality lurking behind his trademark red curtains this book instead maintains a fidelity to the mysteries of his wonderful and strange filmic worlds finding in them productive spaces where thought and imagination can be set to work With contributions from scholars psychoanalysts cinephiles and filmmakers this collection of essays explores potential affinities and disjunctions between Lynch and Freud Encompassing themes such as art identity architecture fantasy dreams hysteria and the unconscious Freud Lynch takes as its point of departure the possibility that the enterprise in which these two distinct investigators are engaged might in some sense be a shared one

Twin Peaks Julie Grossman, Will Scheibel, 2020-02-11 Examines Twin Peaks's history and representations of female trauma and agency. Julie Grossman and Will Scheibel's enthusiastic book on the television series Twin Peaks takes fans through the world that Mark Frost and David Lynch created and examines its impact on society, genre and the television industry. Grossman and Scheibel explore the influences of melodrama and film noir, the significance around the idea of home as well as female trauma and agency. In addition to this close investigation of the series itself, the authors examine the rich storytelling surrounding Twin Peaks that includes the film prequel, Mark Frost's novels and Showtime's 2017 revival. In Twin Peaks, Grossman and Scheibel argue that the show has transcended conventional binaries not only in film and television but also in culture and gender. The book begins with a look into the publicity and critical discourses on authorship that framed Twin Peaks as an auteurist project rather than a prime time soap opera. Despite critics' attempts to distance the series from the soap opera genre, Grossman and Scheibel explore how melodrama and noir are used in Twin Peaks. Grossman and Scheibel masterfully examine star performances in the series, including Kyle MacLachlan's epic portrayal as the idiosyncratic Special Agent Dale Cooper and Sheryl Lee's haunting embodiment of Laura Palmer. The monograph finishes with an examination of the adaptation and remediation of Twin Peaks in a variety of different platforms which have further expanded the boundaries of the series. Twin Peaks explores the ways in which the series critiques multiple forms of objectification in culture and textuality. Readers interested in film, television, pop culture and gender studies as well as fans and new audiences discovering Twin Peaks will embrace this book.

Household Horror Marc Olivier, 2020-02-11 A scholar examines 14 everyday objects featured in horror films and how they manifest their power and speak to society's fears. Take a tour of the house where a microwave killed a gremlin, a typewriter made Jack a dull boy, a sewing machine fashioned Carrie's prom dress and houseplants might kill you while you sleep. In Household Horror, Marc Olivier highlights the wonder, fear and terrifying dimension of objects in horror cinema. Inspired by object-oriented ontology and the nonhuman turn in philosophy, Olivier places objects in film on par with humans, arguing for example that a sleeper sofa is as much the star of *Sisters* as Margot Kidder, that *The Exorcist* is about a possessed bed and that *Rosemary's Baby* is a conflict between herbal shakes and prenatal vitamins. Household Horror reinvigorates horror film criticism by investigating the unfathomable being of objects as seemingly benign as remote radiators, refrigerators and dining tables. Olivier questions what Hitchcock's *Psycho* tells us about shower curtains. What can we learn from Freddie Krueger's greatest accomplice, the mattress? Room by room, Olivier considers the dark side of fourteen household objects to demonstrate how the objects in these films manifest their own power and connect with specific cultural fears and concerns. Provides a lively and highly original contribution to horror studies. As a work on cinema, it introduces the reader to films that may be less well known to casual fans and scholars.

more conspicuously it returns to horror staples gleefully reanimating works that one might otherwise assume had been critically done to death *Psycho* *The Exorcist* *The Shining* Allan Cameron University of Auckland **David Lynch** Dennis Lim, 2015 Part of James Atlas's Icons series a revealing look at the life and work of David Lynch one of the most enigmatic and influential filmmakers of our time **David Lynch** David Lynch, 2009 Interviews with the acclaimed director of the films *Dune* *Blue Velvet* *The Elephant Man* *Mulholland Drive* and *Inland Empire* and the hit TV series *Twin Peaks* *Women and Home in Cinema* Louise Radinger Field, 2024-03-14 This book explores visions of home in cinema and the ways in which women inhabit the onscreen realm Looking closely at a range of films made between 1936 and 2013 it examines how filmmakers reconfigure studio sets and real locations through the filmmaking process into mutable onscreen domains imbued with depth metaphor and expressivity The book studies the films through the lens of four filmmaking processes in particular d coupage mise en sc ne sound and editing Close analysis reveals how filmmakers use these cinematic building blocks to shape onscreen worlds charged with emotion and animated by the warp and weft of psychic life Images of home abound in the cinema and women frequently find themselves at the core of both structures Drawing on recent spatial and feminist enquiry the book reviews the idea of home as a fixed and stable location and illustrates how the art of cinema is well equipped to explore home as an imaginary as well as a material realm With its emphasis on film practice as a route into critical reflection this book will be of interest to filmmakers film theorists and those who simply want to understand more about how films work
