1. Introduction
The purpose of this study is to investigate the effects of a new teaching method on student performance. The study was conducted over a period of six months, during which time the new method was implemented in a classroom setting. The results of the study are presented in the following sections.

[illegible]

1. The first step is to identify the problem.
 2. The second step is to define the problem.
 3. The third step is to analyze the problem.
 4. The fourth step is to develop a solution.
 5. The fifth step is to implement the solution.
 6. The sixth step is to evaluate the solution.
 7. The seventh step is to monitor the solution.
 8. The eighth step is to maintain the solution.
 9. The ninth step is to improve the solution.
 10. The tenth step is to document the solution.

1. The first step is to identify the problem. This involves understanding the current situation and what needs to be changed.

1. The first step is to identify the problem. In this case, the problem is that the system is not working properly.
