Mori Ôgai, 2008 Incorporating the findings of Rosa Wunner in *Japanica Humboldtiana* 2 1998 **Twentieth-century Italian Literature in English Translation** Robin Healey, 1998-01-01 This bibliography lists English language translations of twentieth century Italian literature published chiefly in book form between 1929 and 1997 encompassing fiction poetry plays screenplays librettos journals and diaries and correspondence **Fatal Fictions** Alison L. LaCroix, Richard H. McAdams, Martha Craven Nussbaum, 2017 Writers of fiction have always confronted topics of crime and punishment This age old fascination with crime on the part of both authors and readers is not surprising given that criminal justice touches on so many political and psychological themes essential to literature and comes equipped with a trial process that contains its own dramatic structure This volume explores this profound and enduring literary engagement with crime investigation and criminal justice The collected essays explore three themes that connect the world of law with that of fiction First defining and punishing crime is one of the fundamental purposes of government along with the protection of victims by the prevention of crime And yet criminal punishment remains one of the most abused and terrifying forms of political power Second crime is intensely psychological and therefore an important subject by which a writer can develop and explore character A third connection between criminal justice and fiction involves the inherently dramatic nature of the legal system itself particularly the trial Moreover the ongoing public conversation about crime and punishment suggests that the time is ripe for collaboration between law and literature in this troubled domain The essays in this collection span a wide array of genres including tragic drama science fiction lyric poetry autobiography and mystery novels The works discussed include works as old as fifth century BCE Greek tragedy and as recent as contemporary novels memoirs and mystery novels The cumulative result is arresting there are killer wives and crimes against trees a government bureaucrat who sends political adversaries to their death for treason before falling to the same fate himself a convicted murderer who doesn't die when hanged a psychopathological collector whose quite sane kidnapping victim nevertheless also collects Justice Thomas reading and misreading of *Bigger* Thomas a man who forgives his son's murderer and one who cannot forgive his wife's non-existent adultery fictional detectives who draw on historical analysis to solve murders These essays begin a conversation and they illustrate the great depth and power of crime in literature *Disturbing Conventions* Rachel V Harrison, 2014-04-15 *Disturbing Conventions* draws the study of Thai literature out of the relative isolation that has to date impeded its participation in the wider field of comparative and world literature Predominantly penned by Thai academics the collection decentres Thai literary studies in order to move beyond the traditionalist conservative concerns of the academy which have until relatively recently foreclosed the use of Western theory in the study of Thai literature The book introduces new frames of analysis to the study of Thai literature to bring it into dialogue with debates in wider fields and the world beyond its national borders As a result *Disturbing Conventions* offers an essential contribution to the comparative study of world

literature and Asian cultural studies **The Oxford Guide to Literature in English Translation** Peter France,2000 This guide highlights the place of translation in our culture encouraging awareness of the process of translating and the choices involved making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Hungarian Korean to Turkish For some works e g Virgil s Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available SUBALTERN DISCOURSES T. Reinventing Marie Corelli for the Twenty-First Century Brenda Ayres,Sarah E. Maier,2019-04-30 With the purpose of introducing Marie Corelli to a new generation of readers and of reconsidering her works for generations familiar with them Reinventing Marie Corelli for the Twenty First Century demonstrates how provocative the author was as a public figure and how controversial and paradoxical were the views about womanhood and the supernatural pitched in her novels This collection of original essays focuses on three major battles that engaged Corelli her personal and public contentions her mercurial constructions of gender and resistance to the New Woman modality and her untenable reconciliation of science with the supernatural Corelli was often fighting several fronts at the same time she rarely was not at war with someone including herself Rinaldo. powerlessness Kumhera however examines the benefits of private peacemaking detailing how its flexibility was crucial in creating a viable criminal justice system that emphasized violence prevention and recognition of jurisdiction while allowing space for friends neighbors and clergy to intervene Additionally he explores the roles of women and clergy in peacemaking how peace operated in a vendetta culture and how the medieval understanding of reconciliation affected the practice of peacemaking
