This is exactly what my school needs right now to support colleagues to build on the foundations of our written concept
based curriculum and to take off our taught curriculum to the next and highest levels Neville Kirton Deputy Head of
Secondary Colegio Anglo Colombiano Bogota Colombia Filled with strategies illustrations diagrams and pictures this book
really gives you the insight you need to help students better understand what they are learning So many great ideas that can
be used in any classroom A must read for all educators Amanda McKee 9th Algebra Geometry Secondary Certified Instructor
Mentor Johnsonville High School Johnsonville SC Create a thinking classroom that helps students move from the factual to
the conceptual All students deserve the opportunity to think conceptually But seeing conceptual relationships does not come
naturally to every student How can teachers construct thinking classrooms where students can move from the factual to the
conceptual level of thinking Concept Based Inquiry in Action has the answers In this book the authors marry theory with
practice to create a new framework for inquiry that promotes deep understanding Concept Based Inquiry The key is helping
students to inquire into concepts and the relationships between them using guiding questions developed by the teacher the
students themselves or by the teacher and students together Step by step the authors lead both new and experienced
educators to implement teaching strategies that support the realization of inquiry based learning for understanding in any K
12 classroom The book and its accompanying website are rich with the resources necessary to facilitate the construction and

transfer of conceptual understanding including Numerous practical teaching strategies aligned to each phase of Concept Based Inquiry that can be modified for diverse populations Visual notes that represent significant ideas discussed within each chapter Videos of instructional strategies and teacher interviews that show Concept Based Inquiry in action in K 12 classrooms around the world Templates of graphic organizers sample anchor charts and blackline masters that support the use of teaching strategies in the classroom Planners that show how the phases of Concept Based Inquiry come together in a unit In a world filled with complexity the role of the teacher as a facilitator of conceptual understanding has never been more pressing Concept Based Inquiry in Action provides teachers with the tools necessary to organize and focus student learning around concepts and conceptual relationships that support deep understanding **Prentice Hall Science Explorer:**
