

Read the passage and answer the associated questions

India is home to 30% of the world's cows. A sacred animal in Hinduism, where they are revered as a symbol of wealth, abundance and motherhood, cows are allowed to roam free - even in the India's busy cities. Because consuming beef is sacrilegious to Hindus, the slaughter of cattle is banned in six of India's Hindu-majority states. In an additional 14 states, cattle slaughter is allowed with restrictions. It is illegal to move bovines across state borders for slaughter, but the practise is widespread - and illegal slaughterhouses vastly outnumber regulated institutions.

Although exporting cattle is illegal in India, about 1.5 million cows, valued at \$500 million, are smuggled out each year. Most of these cows are sold to India's Muslim-majority neighbour, Bangladesh, where half of the beef eaten derives from Indian cattle. Smuggled cows come from all over India, but most enter Bangladesh by crossing the 1300-mile border with the state of West Bengal.

Question 1

No Indian states permit the unrestricted slaughter of cattle.

- ☐ True
- ☐ False
- ☐ Cannot Tell
