**The Invention of Native American Literature** Robert Dale Parker,2018-08-06 In an original widely researched and accessibly written book Robert Dale Parker helps redefine the study of Native American literature by focusing on issues of gender and literary form Among the writers Parker highlights are Thomas King John Joseph Mathews D Arcy McNickle Leslie Marmon Silko and Ray A Young Bear some of whom have previously received little scholarly attention Parker proposes a new history of Native American literature by reinterpreting its concerns with poetry orality and Indian notions of authority He also addresses representations of Indian masculinity uncovering Native literature's recurring fascination with restless young men who have nothing to do or who suspect or feel pressured to believe that they have nothing to do *The Invention of Native American Literature* reads Native writing through a wide variety of shifting historical contexts In its commitment to historicizing Native writing and identity Parker's work parallels developments in scholarship on other minority literatures and is sure to provoke controversy [Parallel Encounters](#) Gillian Roberts,David Stirrup,2014-03-24 The essays collected in *iParallel Encounters* The field of border studies has hitherto neglected the Canada US border as a site of cultural interest tending to examine only its role in transnational policy economic cycles and legal and

political frameworks Border studies has long been rooted in the US Mexico divide shifting the locus of that discussion north to the 49th parallel the contributors ask what added complications a site specific analysis of culture at the Canada US border can bring to the conversation In so doing this collection responds to the demands of Hemispheric American Studies to broaden considerations of the significance of American culture to the Americas as a whole bringing Canadian Studies into dialogue with the dominantly US centric critical theory in questions of citizenship globalization Indigenous mobilization hemispheric exchange and transnationalism

An index by name, literary work and concept rounds out this valuable resource.     Is Canada Postcolonial? Laura Moss, 2009-08-01 How can postcolonialism be applied to Canadian literature? In all that has been written about postcolonialism, surprisingly little has specifically addressed the position of Canada, Canadian literature or Canadian culture. Postcolonialism is a theory that has gained credence throughout the world; it is productive to ask if and how we as Canadians participate in postcolonial debates. It is also vital to examine the ways in which Canada and Canadian culture fit into global discussions, as our culture reflects how we interact with our neighbours, allies and adversaries. This collection wrestles with the problems of situating Canadian literature in the ongoing debates about culture, identity and globalization, and of applying the slippery term of postcolonialism to Canadian literature. The topics range in focus from discussions of specific literary works to general theoretical contemplations. The twenty-three articles in this collection grapple with the recurrent issues of postcolonialism, including hybridity, collaboration, marginality, power, resistance and historical revisionism, from the vantage point of those working within Canada as writers and critics. While some seek to confirm the legitimacy of including Canadian literature in the discussions of postcolonialism, others challenge this very notion.     English Grammar : Self Study Guide Book For Complete Preparation with 25 Topics Covered (1200+ MCQs Questions) - Useful for all Government and other Competitive Exams, 2024-05-01 The presented book has been prepared keeping the candidates in mind in which the syllabus useful for the examination has been included.
