Ghost Images Tom Ruffles, 2015-03-07 The possibility of life after death is a significant theme in cinema in which ghosts return to the world of the living to wrap up unfinished business, console their survivors, visit lovers or just enjoy a well-wreaked scaring. This work focuses on film depictions of survival after death from meetings with the ghost of Elvis to AIDS-related ghosts, apparitions, hauntings, mediumship, representations of heaven, angels, near-death experiences, possession, poltergeists and all the other ways in which the living interact with the dead on screen. The work opens with a historical perspective which outlines the development of pre-cinematic technology for projecting phantoms and discusses the use of these skills in early ghost cinema. English language sound films are then examined thematically with topics ranging from the expiation of sins to hungry ghosts. Six of the most significant films *Dead of Night*, *A Matter of Life and Death*, *The Innocents*, *The Haunting*, *The Shining* and *Jacob's Ladder* are given a detailed analysis. A conclusion, filmography and bibliography follow.

The Holistic Pine: Volume 2, Issue 5 Writers' Kalam, *The Holistic Pine* is India's first independent international monthly lifestyle journal. Sanskar News: Authenticity, Brevity and Clarity. We experience information overload the moment we search something online, especially when this search is regarding courses and careers. What guarantee do we have that the information we receive online is genuine or not? How many hours should we dedicate to sift through the data available? How could we identify the authenticity of information? Instead of spending hours and hours of time and energy, *The Holistic Pine* is making it easier for the reader to get authentic information within a short period of time. This is one of the reasons educational institutions are moving massively towards *The Holistic Pine* where you get Authenticity, Brevity and Clarity. There is still another reason. Most academic journals subscribed by college school libraries do not create readers out of students. Most students avoid them.

However The Holistic Pine is unique in its appeal That s where The Holistic Pine becomes different It has created a bridge between the magazine culture and journal culture offering in each issue a highly stylized reading material that attracts students and scholars The Holistic Pine thus becomes an academic asset in educational institutions scholars UPSC PSC and Civil Service or IAS aspirants and general readers **Changing Tunes** Phil Powrie,Robynn Jeananne Stilwell,2006 The study of pre existing film music is a well established part of Film Studies covering classical music and popular music Generally these broad musical types are studied in isolation This anthology brings them together in twelve focused case studies The first section explores art music it revolves around the debate on the relation between the aural and visual tracks and whether pre existing music has an integrative function or not The second section is devoted to popular music in film and shows how very similar the functions of popular music in film are to the supposedly more elite classical music and opera

military with social history to illuminate the ways in which Great Britain and its people were permanently transformed by the Second World War Here is the many faceted world historically significant story of Britain at war In looking closely at the military and political dimensions of the conflict Alan Allport seeks to answer questions such as Could the war have been avoided Could it have been lost Were the strategic decisions the rights ones How well did the British organize and fight How well did the British live up to their own values What difference did the war make in the end to the fate of the nation In answering these and other essential questions he focuses unlike many historians on the human contingencies of the war looking directly at the roles of individuals and the outcomes determined by luck or chance Moreover he looks intimately at the changes in wartime and postwar British society and culture Whether discussing the mixing of classes during the war or the Labour Party movement he shows us in great detail the effects of the war again not only on an institutional but on an individual level as well For better or worse much of Britain today is ultimately the product of the experiences of 1939 1941
