Educational Leadership in Becoming reconsiders educational leadership in its current forms and presents a more plausible form of educational leadership to contend with the complexities currently found in universities and schools Much of the literature in vogue concerning educational leadership ranges from transactional to transformative representations of the concept in relation to educational management and policy curriculum inquiry and pedagogical action The primary aim of this book is to revisit some of the dominant understandings of educational leadership and to offer an extended view of the practice along the lines of potentiality and becoming Davids and Waghid argue that all current forms of educational leadership are insufficient to enact responsible human action particularly when it comes to addressing the combined issues of globalisation and equitable redress and transformation whether in relation to leading schools or universities The primary objective of the book is to draw on the Agambian notion of becoming in order to show that an educational leadership in becoming is better placed to not only address the myriad challenges besetting education but to also enhance the potential of leadership in action The book addresses an international audience by analysing conceptions of transformative leadership and should be read by anyone who is interested in education and educational leadership as well as the impact of neoliberal agendas on education and society It should also appeal to those interested in the philosophy of education *Empowering Novice Academics for Student Success* Dr Johann Hugo,2021-04-26 This book is

Neoliberalism in the Tourism and Hospitality Sector Nadda, Vipin, Bilan, Sahidi, Azam, Muhammad, Mulindwa, Dirisa, 2018-10-26 Globalization is increasing interconnectedness and is offering immense opportunities for businesses worldwide Although it has been taking place for hundreds of years it has sped up enormously over the last half century increasing international trade greater dependence on the global economy and freer movement of capital goods and services While globalization can create opportunities for wealth in emerging economies it still cannot completely close the gap between the world's poorest countries and the world's richest Many view globalization as a threat to cultural diversity believing that it can drown out local economies traditions and languages and make travel to certain regions less desirable Neoliberalism in the Tourism and Hospitality Sector provides innovative insights into the adoption of glocalization as a measure to mitigate the threats posed by globalization within the travel and tourism industries It is designed for policymakers researchers government officials and marketers considering glocalization as a means to sustain the relevancy of local business and trade

Decolonisation after Democracy Laurence Piper, 2020-05-21 Decolonisation after Democracy addresses the provocative idea that we need to rid higher education of lingering forms of colonial knowledge This matters because in the colonial era much knowledge was put to the service of subjugating indigenous peoples and the assumptions from this era may linger into the present Examples of deep rooted and foundational forms of knowledge that carry colonial traits are normative binaries such as civilised and backward modern and traditional and rational and superstitious In addition some accounts of positive values like freedom equality justice and democracy may hide the assumption that the western experience is the norm from which other kinds are rendered imitations deviations or pathologies In this collection some of South Africa's leading political scientists and academics engage with the challenge of decolonising knowledge in the research and teaching of politics It includes new insights about the state international relations clientelism state-society relations and land reform and introduces new ways to engage the colonial library curriculum reform and the marginality of historically black institutions Finally the contributors deal with the decolonial challenge posed by the Fees Must Fall student movements reflecting on issues of revolutionary politics and gender and sexual violence This book was originally published as a special issue of *Politikon*
