**Political Islam and the Secular State in Turkey** Evangelia Axiarlis, 2014-06-20 How safe is Turkey's liberal democracy The rise to power in 2002 of the right leaning Islamic Justice and Development Party ignited fears in the West that Turkey could no longer be relied upon to provide a buffer against the growth of Islamic fundamentalism in the Middle East Once hailed by the West as a model of secularism and moderation in the Muslim world Turkey is now seen to be under the influence of the creeping Islamisation of the JDP or AKP as it is known in Turkey Yet to what extent has this affected the lives of Turkish citizens Evangelia Axiarlis here explores the contribution of the JDP to civil liberties and basic freedoms long suppressed by secular and statist Kemalist ideology and how this has remained unexamined despite more than a decade in government In this the first detailed study of the policies and ideology of Prime Minister Recep Tayyip Erdogan's government the author examines the extent to which the JDP has worked to improve civil life in Turkey and critically addresses whether a government built on Islamic principles can champion political reform Exploring how Islam and democracy are neither monoliths nor mutually exclusive this is a timely contribution to the wider understanding of political Islam

**Public Preferences and Institutional Designs** Niva Golan-Nadir, 2021-12-10 This book explores the existence of gaps between public preferences and institutional designs in democracies and specifically cases in which such gaps are maintained for a long period of time without being challenged by the electorate Gaps such as these can be seen in the complex relations between the state and religion in Israel and Turkey and more specifically in their policies on marriage This line of investigation is interesting both theoretically and empirically as despite their poles apart policies Israel and Turkey share a similar pattern of institutional dynamics Existing explanations for this phenomenon suggested either civil society based arguments or intra institutional dynamics as reasons for the maintenance of such gaps This book enriches our understanding of policy dynamics in democratic systems by introducing a third line of argument one that emphasizes the effective role state institutions play in maintaining such arrangements for long periods often against the public will
