travellers archaeologists and their popularisers transformed thinking on the truth of Christianity and its place in modern cities This happened at a time when anxieties over the unprecedented rate of urbanisation in Britain coincided with critical challenges to biblical truth In this context cities from Jerusalem to Rome became contested models for the adaptation of Christianity to modern urban life Using sites from across the biblical world this book evokes the appeal of the ancient city to diverse groups of British Protestants in their arguments with one another and with their secular and Catholic rivals about the vitality of their faith in urban Britain

Copyright Office,1967 **The Christian Moses** Jaeda Charlotte Calaway,2019-11-21 Two verses about Moses in the Bible have been the subject of debate since the first century In Exodus 33 20 God tells Moses that no one can see God and live but Numbers 12 8 says that Moses sees the form of the Lord How does one reconcile these two opposing statements Did Moses see God and who gets to decide The Christian Moses investigates how ancient Christians from the New Testament to Augustine of Hippo resolved questions of who can see God how one can see God and what precisely one sees Jaeda Calaway explains that the decision about whether and how Moses saw God was not a neutral exercise for an early Christian Rather it established the interpreter s authority to determine what was possible in divine human relations and set the parameters for the nature of humanity As a result Calaway argues interpretations of Moses visions became a means for Jews and Christians to jockey for power allowing them to justify particular social arrangements relations and identities to assert the limits of humans in the face of divinity and to create an Other Seeing early Christians with new eyes The Christian Moses reassesses how debates on Moses visions from the first through the fifth centuries were in reality debates on the boundaries of humanity
