regressive system for control and governance University managements while on one level amenable to change have also co opted students into their ranks to create co responsibility for the highly bureaucratised university financial aid that stands in the way of their social revolution This book maps the contours of student discontent a year after the start of the FeesMustFall revolt Student voices dissect colonialism improper compromises by the founders of democratic South Africa feminism worker rights and meaningful education In depth assessments by prominent scholars reflect on the complexities of student activism its impact on national and university governance and offer provocative analyses of the power of the revolt **Shaping the Future of South Africa's Youth** Helene Perold,Nico Cloete,Joy Papier,2012 Why solving ongoing problems with the NQF National Qualifications Framework matters The challenges unemployment imposes on youth The challenge of youth to work transitions an international perspective A statistical overview of further education and training colleges Strengthening the capacity of FET Colleges to meet the needs of young people Higher education and an expanded post school educational system Trends in training in South Africa Key issues in the assessment of South Africa s national skills development strategy Opening the doors of learning Viewing the post school education and training landscape from a youth perspective
