A Critical History of French Children's Literature Penny Brown, 2007 **The Complete Libretti of Giacomo Meyerbeer in the Original and in Translation** , *The Meyerbeer Libretti* Richard Arsenty, 2013-02-21

Giacomo Meyerbeer one of the most important and influential opera composers of the nineteenth century enjoyed a fame during his lifetime hardly rivalled by any of his contemporaries This ten volume set provides in one collection all the operatic texts set by Meyerbeer in his career The texts offer the most complete versions available Each libretto is translated into modern English by Richard Arsenty and each work is introduced by Robert Letellier In this comprehensive edition of Meyerbeer's libretti the original text and its translation are placed on facing pages for ease of use The eleventh volume presents the fourth of Meyerbeer's grand operas and his final work By 1860 long imposed labor had started to tell upon the composer's health he knew that he must concentrate on the navigator project which he had started twenty years earlier if he intended to finish it Meyerbeer died on 2 May 1864 the day after the completion of the copying of the full score of this his

last opera Vasco da Gama Minna Meyerbeer and César Victor Perrin the director of the Opéra entrusted the editing of a performing edition to the famous Belgian musicologist François Joseph Fétis while the libretto was revised by Mélesville The original title of *L'Africaine* was restored out of deference to public expectation Much of the music and action was suppressed in spite of the strain this inflicted on the internal logic of the story While *L'Africaine* is not lacking in the grandeur of statement and stirring climaxes for which the composer was so famous there is a new intimacy a new intensity of melancholic lyricism Like its famous predecessors it is basically an historical work derived from the period of sixteenth century Renaissance The account of Vasco da Gama's voyage of discovery around the Cape of Good Hope and conquest of Calicut 1497-98 is subjected to a fictional treatment that raises many interesting issues The framework is historical but most of the characters and course of action are not in fact the end of the opera in the suicide of the heroine suddenly leaves the terra firma of reality and transports us into the mystical realms of the spirit It is this mixture of modes that is central to the dramaturgy of *L'Africaine* a confusion of history and fairytale ancient certainties and challenging discoveries in the creation of a new mythology There is also originality in formal developments with the great tenor scene in act 4 providing a new malleability in handling the constraints of shape and genre recitative arioso and cabaletta have a fluent integration in trying to explore the text more pointedly *L'Africaine* was produced on 28 April 1865 a great posthumous tribute to its famous creators The Ship Scene the exotic Indian act and the Scene of the Manchineel Tree exerted a fascination on audiences and elicited new praise The work full of melodic beauty and rapturous lyricism began a triumphal progress through the world beginning with the big stages of London and Berlin

The Selected Works of George Sand George Sand, The correspondence of George Sand and Gustave Flaubert if approached merely as a chapter in the biographies of these heroes of nineteenth century letters is sufficiently rewarding In a relationship extending over twelve years including the trying period of the Franco Prussian War and the Commune these extraordinary personalities disclose the aspects of their diverse natures which are best worth the remembrance of posterity However her passionate and erratic youth may have captivated our grandfathers George Sand in the mellow autumn of her life is for us at her most attractive phase The storms and anguish and hazardous adventures that attended the defiant unfolding of her spirit are over In her final retreat at Nohant surrounded by her affectionate children

and grandchildren diligently writing botanizing bathing in her little river visited by her friends and undistracted by the fiery lovers of the old time she shows an unguessed wealth of maternal virtue swift comprehending sympathy fortitude sunny resignation and a goodness of heart that has ripened into wisdom For Flaubert too though he was seventeen years her junior the flamboyance of youth was long since past in 1862 when the correspondence begins he was firmly settled a shy proud grumpy toiling hermit of forty in his family seat at Croisset beginning his seven years labor at L Education Sentimentale master of his art hardening in his convictions and conscious of increasing estrangement from the spirit of his age He with his craving for sympathy and she with her inexhaustible supply of it meet he pours out his bitterness she her consolation and so with equal candor of self revelation they beautifully draw out and strengthen each the other s characteristics and help one another grow old But there is more in these letters than a satisfaction for the biographical appetite which indeed finds ITS account rather in the earlier chapters of the correspondents history What impresses us here is the banquet spread for the reflective and critical faculties in this intercourse of natural antagonists As M Faguet observes in a striking paragraph of his study of Flaubert It is a curious thing which does honor to them both that Flaubert and George Sand should have become loving friends towards the end of their lives At the beginning Flaubert might have been looked upon by George Sand as a furious enemy Emma Madame Bovary is George Sand s heroine with all the poetry turned into ridicule Flaubert seems to say in every page of his work Do you want to know what is the real Valentine the real Indiana the real Lelia Here she is it is Emma Roualt And do you want to know what becomes of a woman whose education has consisted in George Sand s books Here she is Emma Roualt So that the terrible mocker of the bourgeois has written a book which is directly inspired by the spirit of the 1840 bourgeois Their recriminations against romanticism which rehabilitates and poetises the courtesan against George Sand the Muse of Adultery are to be found in acts and facts in Madame Bovary Now the largest interest of this correspondence depends precisely upon the continuance beneath an affectionate personal relationship of a fundamental antagonism of interests and beliefs resolutely maintained on both sides George Sand with her lifelong passion for propaganda and reformation labors earnestly to bring Flaubert to her point of view to remould him nearer to her heart s desire He with a playful deference to the sex and years of his friend addresses her in his letters as Dear Master Yet in the essentials of the conflict though she never gives over her effort he never budes a jot he has taken his ground and in his last unfinished work Bouvard and Pecuchet he dies stubbornly fortifying his position To the last she speaks from a temperament lyrical sanguine imaginative optimistic and sympathetic he from a temperament dramatic melancholy observing cynical and satirical She insists upon natural goodness he upon innate depravity She urges her faith in social regeneration he vents his splenetic contempt for the mob Through all the successive shocks of disillusioning experience she expects the renovation of humanity by some religious some semi mystical amelioration of its heart he grimly concedes the greater part of humanity to the devil and can see no escape for the remnant save in science and aristocratic organization For her finally the literary art is

an instrument of social salvation it is her means of touching the world with her ideals her love her aspiration for him the literary art is the avenue of escape from the meaningless chaos of existence it is his subtly critical condemnation of the world The origins of these unreconciled antipathies lie deep beneath the personal relationship of George Sand and Gustave Flaubert lie deep beneath their successors who with more or less of amenity in their manners are still debating the same questions today The main currents of the nineteenth century with fluent and refluxing tides clash beneath the controversy and as soon as one hears its long withdrawing roar and thinks it is dying away and is become a part of ancient history it begins again and will be heard no doubt by the last man as a solemn accompaniment to his final contention with his last adversary
