Just as WASPs Irish Catholics and Our Crowd Jews once made the ascent from immigrants to powerbrokers it is now the Indian American's turn Citigroup PepsiCo and Mastercard are just a handful of the Fortune 500 companies led by a group known as the Twice Blessed Yet little is known about how these Indian emigres and children of emigres rose through the ranks Until now The collapse of the Galleon Group a hedge fund that managed more than 7 billion in assets from criminal charges of insider trading was a sensational case that pitted prosecutor Preet Bharara himself the son of Indian immigrants against the best and brightest of the South Asian business community At the center of the case was self-described King of Kings Galleon's founder Raj Rajaratnam a Sri Lankan born Wharton educated billionaire But the most shocking allegation was that the minence grise of Indian business Rajat Gupta was

Rajaratnam's accomplice and mole. If not for Gupta's nose to the grindstone, rise to head up McKinsey Co and a position on the Goldman Sachs board, men like Rajaratnam would have never made it to the top of America's moneyed elite. Author Anita Raghavan crisscrosses the globe from Wall Street boardrooms to Delhi's Indian Institute of Technology as she uncovers the secrets of this subculture: an incredible tale of triumph, temptation, and tragedy.

Inside the Bubble Barbara Trish, William Menner, 2021-09-20 Inside the Bubble: Campaigns, Caucuses, and the Future of the Presidential Nomination Process is a behind-the-scenes look at the 2020 Democratic nomination process, focusing on the Iowa caucuses and the campaign workers who located there. For decades, Iowa held the first contest in the presidential nomination process, and individuals interested in campaign work considered it a holy grail. But in 2020, a record number of Democrats seeking to unseat President Trump, and the hundreds of young campaign workers who located to Iowa, created a political event unmatched in scope and scale. Those workers embedded in the caucus bubble focused for months on finding supporters for their candidate and ensuring they attended their precinct event, the first step in selecting delegates to the national convention. And then Caucus Day came, and with it, a technology-driven fiasco that seemed to foreshadow a year of pandemic and protest. The lessons learned in 2020 underscored the importance of local staff who organize and mobilize supporters for a candidate in whom they believe. And those lessons are applicable to any race of any party in any state. For students of US politics, as well as aspiring candidates, political journalists, and campaign professionals, this book captures the drama and human perspective of campaigns and elections in America.
