The Rhetoric of Character in Children's Literature Maria Nikolajeva, 2002-01-01 Now available in paperback Until now there was no theoretical research of character in children s fiction and very few comprehensive theoretical studies of literary characters in general In her latest intellectual foray the author of *From Mythic to Linear* ponders the art of characterization Through a variety of critical perspectives she uncovers the essential differences between story what we are told and discourse how we are told and carefully distinguishes between how these are employed in children s fiction and in general fiction Yet another masterful work by a leading figure in contemporary criticism

Is There a God in Health Care? William F. Haynes Jr., Geoffrey B.

Kelly,2010-07-01 In this book a physician well known for praying with his patients and an award winning professor of theology share their insights on how religious faith can provide help in the healing process of today s health care ministry The authors avoid rehashing analytical theories on suffering and the miracles of healing they may have seen instead examining how personal faith can enhance the immune system how a spiritual outlook can help bear the burden of suffering and grief and how forbearance and forgiveness are crucial in maintaining a healthy attitude toward life **Teaching the Language Arts** Cathy Collins Block,2001 This book explains and demonstrates with a clear step by step approach how communication and thinking competencies can be enhanced through instruction This revision elaborates further on a language arts program built to focus on the needs of individual students Each of the fourteen chapters is divided into three sections covering theoretical foundations practice and professional development giving the text a practical usable organization The second and third sections apply the principles from the first section to the classroom Features in these sections show specific teaching strategies that offer practical ideas for teachers to develop an ongoing and successful teaching repertoire For Language Arts teachers *Literacy for Life* Donna E. Norton,2007 From Best Selling Author Donna Norton Drawing on her expertise in using children s literature to foster literacy in today s classrooms Donna Norton has crafted a contemporary application rich textbook that will prepare future teachers to put reading first and provide high quality research based instruction in reading and the language arts Book Earns High Praise From Reviewers A great number of activities listed at the end of each chapter provide students with many opportunities to discuss the chapter content apply to field work and reflect Shelley Hong Xu CSU Long Beach Chapter 3 Assessment This chapter is so current it is scary This chapter helps to give a clear but realistic picture of the types of assessments our students will be faced with in the public schools Carol L Butterfield Ph D Central WA University This publication marks a major advance over existing reading methods texts It broadens the context of literacy with meticulously chosen examples of children s literature real and very detailed lesson plans classroom tested instructional units and vividly illustrated examples Read All About It feature demonstrates that reading is a current and dynamic field of study Lesson Plans are clear concise examples of how a master teacher systematically creates a lesson plan based on specific books Differentiating Instruction provides relevant practical material on ELL Struggling Readers and Writers and Gifted and Accelerated Readers and Writers **The Constitution of Ancient China** Su Li,2018-08-07 How was the vast ancient Chinese empire brought together and effectively ruled What are the historical origins of the resilience of contemporary China s political system In *The Constitution of Ancient China* Su Li China s most influential legal theorist examines the ways in which a series of fundamental institutions rather than a supreme legal code upholding the laws of the land evolved and coalesced into an effective constitution Arguing that a constitution is an institutional response to a set of issues particular to a specific society Su Li demonstrates how China unified a vast territory diverse cultures and elites from different backgrounds into a whole He delves into such areas as uniform weights

and measurements the standardization of Chinese characters and the building of the Great Wall The book includes commentaries by four leading Chinese scholars in law philosophy and intellectual history Wang Hui Liu Han Wu Fei and Zhao Xiaoli who share Su Li s ambition to explain the resilience of ancient China s political system but who contend that he overstates functionalist dimensions while downplaying the symbolic Exploring why China has endured as one political entity for over two thousand years The Constitution of Ancient China will be essential reading for anyone interested in understanding the institutional legacy of the Chinese empire *Constructing Meaning* Joyce Bainbridge, Grace Malicky, 2000
